

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Michelle Gray
DOCKET NO.: 21-48565.001-R-1
PARCEL NO.: 17-31-103-020-0000

The parties of record before the Property Tax Appeal Board are Michelle Gray, the appellant, by attorney Andreas Mamalakis, of the Law Offices of Andreas Mamalakis in Kenosha; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$8,187
IMPR.: \$21,089
TOTAL: \$29,276

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story multi-family building of masonry exterior construction with 2,424 square feet of building area. The building is approximately 118 years old. Features of the property include a full basement and a 2-car garage. The property has a 3,275 square foot site and is located in Chicago, South Chicago Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five comparables with the same assessment neighborhood code as the subject and located from .12 of a mile from 1.12 miles from the subject. The comparables are class 2-11 properties improved with multi-family buildings of masonry exterior construction ranging in size from 2,000 to 2,662 square feet

of building area. The buildings are 127 or 135 years old. Two comparables have partial basements and three comparables have slab foundations. Each comparable has two fireplaces. Comparable #4 has a 2-car garage. The comparables have improvement assessments that range from \$9,500 to \$11,620 or from \$4.22 to \$4.75 per square foot of building area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$29,276. The subject property has an improvement assessment of \$21,089 or \$8.70 per square foot of building area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables with the same assessment neighborhood code as the subject property. The comparables are class 2-11 properties improved with 2-story multi-family buildings of masonry exterior construction ranging in size from 2,414 to 2,492 square feet of building area. The buildings are 113 or 118 years old and have full basements. Comparable #4 has central air conditioning. Three comparables each have a 2-car or a 2.5-car garage. The comparables have improvement assessments that range from \$22,175 to \$27,586 or from \$9.00 to \$11.07 per square foot of building area. Based on this evidence, the board of review requests confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains nine suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables and board of review comparable #4 due to differences in building size, foundation, and/or garage amenity when compared to the subject.

The Board finds the best evidence of equity to be board of review comparables #1, #2 and #3 which overall are more similar to the subject in location, age, building size and features. These comparables have improvement assessments of \$22,175 and \$22,485 or from \$9.00 to \$9.19 per square foot of building area. The subject's improvement assessment of \$21,089 or \$8.70 per square foot of building area is below the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
