

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Vincent Zhen
DOCKET NO.: 21-48595.001-R-1
PARCEL NO.: 17-29-329-020-0000

The parties of record before the Property Tax Appeal Board are Vincent Zhen, the appellant, by attorney Andreas Mamalakis, of the Law Offices of Andreas Mamalakis in Kenosha; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$11,300
IMPR.: \$36,720
TOTAL: \$48,020

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of masonry exterior construction with 2,000 square feet of living area. The dwelling is approximately 18 years old. Features of the home include a full basement with finished area, central air conditioning, and a 2-car garage. The property has a 2,825 square foot site and is located in Chicago, South Chicago Township, Cook County. The subject is classified as a class 2-07 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables with the same assessment neighborhood code as the subject. The comparables are class 2-07 properties improved with 2-story dwellings of masonry exterior construction ranging in size from 1,710 to 1,970 square feet of living area. The dwellings are 26 to 34 years old. The

comparables each have a slab or a partial/full basement and one fireplace. One comparable has central air conditioning. Three comparables each have a 1.5-car or a 2-car garage. The comparables have improvement assessments ranging from \$23,556 to \$26,625 or from \$13.41 to \$14.82 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$48,020. The subject property has an improvement assessment of \$36,720 or \$18.36 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables with the same assessment neighborhood code as the subject. The comparables are class 2-07 properties improved with 2-story dwellings of masonry exterior construction ranging in size from 1,780 to 2,000 square feet of living area. The homes are 10 to 16 years old and have full basements with three having finished area. The comparables each have central air conditioning and a 2-car garage. Comparable #2 has one fireplace. The comparables have improvement assessments ranging from \$36,100 to \$44,976 or from \$19.11 to \$22.49 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains nine suggested comparables for the Board's consideration. The Board gives less weight to appellant's comparables #1, #2, #4 and #5 which are less similar to the subject in age, foundation, central air conditioning and/or garage amenity.

The Board finds the best evidence of equity to be appellant's comparable #3 along with the board of review comparables which overall are more similar to the subject in location, age, dwelling size and most features. These comparables have improvement assessments ranging from \$26,625 to \$44,976 or from \$14.47 to \$22.49 per square foot of living area. The subject's improvement assessment of \$36,720 or \$18.36 per square foot of living area is within the range established by the best comparables in the record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
