

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Hongchi Tan
DOCKET NO.: 21-48622.001-R-1
PARCEL NO.: 17-31-312-044-0000

The parties of record before the Property Tax Appeal Board are Hongchi Tan, the appellant, by attorney Andreas Mamalakis, of the Law Offices of Andreas Mamalakis in Kenosha; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,437
IMPR.: \$29,562
TOTAL: \$32,999

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of masonry exterior construction with 1,627 square feet of living area. The dwelling is approximately 13 years old. Features of the home include a partial basement with finished area, central air conditioning, and a 2-car garage. The property has a 1,375 square foot site and is located in Chicago, South Chicago Township, Cook County. The subject is classified as a class 2-95 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables with the same assessment neighborhood code as the subject and located from .21 to .77 of a mile from the subject. The comparables are class 2-95 properties improved with 2-story or 3-story dwellings of masonry exterior construction ranging in size from 1,565 to 1,939 square

feet of living area. The dwellings are 4 to 28 years old. Four comparables have slab foundations and one comparable has a partial basement. The comparables each have central air conditioning one fireplace and a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$22,180 to \$27,078 or from \$12.83 to \$14.18 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$32,999. The subject property has an improvement assessment of \$29,562 or \$18.17 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables with the same assessment neighborhood code and located on the same block and street as the subject. The comparables are class 2-95 properties improved with 2-story dwellings of masonry exterior construction with each having 1,627 square feet of living area. The homes are 13 years old and have partial basements with finished area. The comparables each have central air conditioning and a 2-car garage. The comparables have improvement assessments ranging from \$29,950 to \$29,972 or \$18.41 and \$18.42 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains nine suggested comparables for the Board's consideration that have the same neighborhood code and property classification code as the subject. The Board gives less weight to the appellant's comparables which are less similar to the subject in design, age, and/or dwelling size. In addition, the appellant's comparables are not reported to have finished basement area, a feature of the subject.

The Board finds the best evidence of equity to be the board of review comparables which are identical to the subject in design, age, dwelling size and features. These comparables have improvement assessments ranging from \$29,950 to \$29,972 or \$18.41 and \$18.42 per square foot of living area. The subject's improvement assessment of \$29,562 or \$18.17 per square foot of living area falls below the assessments of the best comparables in the record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
