

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Robert Kushida
DOCKET NO.: 21-48646.001-R-1
PARCEL NO.: 13-16-418-016-0000

The parties of record before the Property Tax Appeal Board are Robert Kushida, the appellant(s), by attorney Andreas Mamalakis, of the Law Offices of Andreas Mamalakis in Kenosha; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$12,323
IMPR.: \$22,093
TOTAL: \$34,416

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame construction with 1,802 square feet of living area. The dwelling is approximately 114 years old. Features of the home include a partial basement and a two-car garage. The property has a 4,401 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-05 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on five class 2-05 equity comparable properties with varying degrees of similarities to the subject which are located within a 0.31-mile radius of the subject. The improvements ranged: in age from 112 to 128 years; in size from 1,656 to 2,090 square feet of living area; and in improvement assessment from \$10.70 to \$13.20 per square foot

of living area. Based on this evidence the appellant is seeking a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$42,999. The subject property has an improvement assessment of \$30,677 or \$17.02 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four class 2-05 equity comparable properties with varying degrees of similarities to the subject which are located within a ¼-mile radius of the subject. The improvements were 113 years old, had from 1,280 to 1,583 square feet of living area, and had improvement assessments from \$18.57 to \$23.12 per square foot of living area. Based on this evidence the board of review requested confirmation if the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted nine equity comparable properties for the Board's consideration in determining assessment equity. The Board finds the best evidence of assessment equity to be appellant's comparables #1, #4, and #5. Appellant's comparables #1, #4, and #5 were similar to the subject in age and size. One of these comparables had the same bathrooms as the subject while the others had one half bathroom more or one full bathroom less than the subject. Two of these comparables had partial basements like the subject while the other had a full basement. Two of these comparables had no central air conditioning like the subject while the other did have central air conditioning. Two of these comparables had a two-car garage like the subject while the other had no garage. These comparable properties were similar to the subject and had improvement assessments that ranged from \$10.70 to \$13.20 per square foot of living area. The subject's improvement assessment of \$17.02 per square foot of living area falls above the range established by the best comparable properties in this record. Based on this record the Board finds the appellant did demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
