

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Michael Zychal  
DOCKET NO.: 21-48710.001-R-1  
PARCEL NO.: 19-10-403-043-0000

The parties of record before the Property Tax Appeal Board are Michael Zychal, the appellant, by Mary Kate Gorman, Attorney at Law in Tinley Park; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$5,040  
**IMPR.:** \$16,962  
**TOTAL:** \$22,002

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of masonry exterior construction with 1,230 square feet of living area. The dwelling is approximately 62 years old. Features of the home include an unfinished basement and two bathrooms. The property has a 5,040 square foot site located in Chicago, Lake Township, Cook County. The subject is classified as a class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three comparables located in the same neighborhood code as the subject. The comparables are improved with single-family dwellings of masonry exterior construction ranging in size from 1,292 to 1,497 square feet of living area. The dwellings are 60 or 62 years old. Each comparable has a basement, one or two bathrooms, and a two-car garage. One comparable has central air conditioning. The comparables have improvement assessments ranging from \$16,875 to \$17,750

or from \$11.73 to \$13.06 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$15,154.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$22,002. The subject property has an improvement assessment of \$16,962 or \$13.79 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four comparables located in the same neighborhood code as the subject. The comparables are improved with two-story dwellings of frame or masonry exterior construction ranging in size from 1,033 to 1,382 square feet of living area. The dwellings are 70 to 108 years old and have 1 or 1.5 bathrooms. Three comparables have basements with two comparables having finished area, and one comparable has a concrete slab foundation. Two comparables have central air conditioning, one comparable has a fireplace, and three comparables have a two-car garage. The comparables have improvement assessments ranging from \$16,012 to \$20,330 or from \$14.71 to \$16.84 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1 and #2 and board of review comparable #2 due to differences in dwelling sizes and/or dissimilar foundation type when compared to the subject. The Board gives less weight to the board of review comparables #1 and #3 which differ from the subject in age and/or basement finish, unlike the subject's unfinished basement.

The Board finds the best evidence of assessment equity to be the appellant's comparable #3 and board of review comparable #4. These comparables have the subject's same neighborhood code and are more similar to the subject in dwelling size and foundation type. However, the comparables have features with varying degrees of similarity to the subject, suggesting adjustments would be required to make them more equivalent to the subject. These two comparables have improvement assessments of \$16,875 and \$18,859 or for \$13.06 and \$16.84 per square foot of living area. The subject's improvement assessment of \$16,962 or \$13.79 per square foot of living area is bracketed by the two best comparables in this record. Based on this record and after considering adjustments to the two best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
