

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Sergio Verdin
DOCKET NO.: 21-48715.001-R-1
PARCEL NO.: 19-13-405-036-0000

The parties of record before the Property Tax Appeal Board are Sergio Verdin, the appellant, by Mary Kate Gorman, Attorney at Law in Tinley Park; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,000
IMPR.: \$13,000
TOTAL: \$16,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story multi-family building of masonry exterior construction with 2,916 square feet of building area. The building is approximately 101 years old. Features include an unfinished basement and a 1.5-car garage. The property has a 3,750 square foot site and is located in Chicago, Lake Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with regard to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four comparables located within the subject's assessment neighborhood and from 0.07 to 0.78 of a mile from the subject. The comparables consist of class 2-11 multi-family buildings of masonry exterior construction ranging in size from 2,912 to 3,090 square feet of building area. The buildings are 93 to 103 years old and have basements. No data was provided concerning the finished

basement area, if any. One comparable has two fireplaces, and three comparables have either a 1.5-car or a 2-car garage. The comparables have improvement assessments ranging from \$5,348 to \$8,126 or from \$1.75 to \$2.76 per square foot of building area. Based on this evidence, the appellant requested a reduction in the subject's assessment to \$7,144 or \$2.45 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$16,000. The subject property has an improvement assessment of \$13,000 or \$4.46 per square foot of building area.

In support of its contention of the correct assessment the board of review submitted information on four comparables located within the subject's assessment neighborhood and within .25 of a mile from the subject. The comparables consist of 2-story class 2-11 multi-family buildings of masonry exterior construction ranging in size from 2,801 to 2,990 square feet of building area. The buildings are 70 to 98 years old and have basements, three of which are finished with an apartment or a formal recreation room. Three comparables have a 2-car garage. The comparables have improvement assessments ranging from \$12,000 to \$16,000 or from \$4.28 to \$5.65 per square foot of building area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill. Admin. Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill. Admin. Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight comparables for the Board's consideration. The Board gives less weight to the appellant's comparable #1 and board of review comparables #2 and #4 due to differences in their newer age or lack of a garage amenity when compared to the subject.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables which are relatively similar to the subject in location age, building size and some features. The five remaining comparables have improvement assessments that range from \$8,048 to \$15,000 or from \$2.63 to \$5.02 per square foot of building area. The subject's improvement assessment of \$13,000 or \$4.46 per square foot of building area falls within the range established by the best comparables in the record. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
