

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: E. Robert Olson
DOCKET NO.: 21-48728.001-R-1
PARCEL NO.: 25-06-425-022-0000

The parties of record before the Property Tax Appeal Board are E. Robert Olson, the appellant, by Mary Kate Gorman, Attorney at Law in Tinley Park; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$6,068
IMPR.: \$13,824
TOTAL: \$19,892

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a 1-story dwelling of masonry exterior construction with 1,023 square feet of living area. The dwelling is 98 years old. Features of the home include an unfinished basement and a 2-car garage. The property has a 6,068 square foot site and is located in Chicago, Lake Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on three comparables located within the same neighborhood code as the subject and within 0.57 of a mile from the subject. The comparables consist of class 2-03 dwellings of masonry exterior construction ranging in size from 1,001 to 1,086 square feet of living area. The homes are 95 to 101 years old and have basements. No data was provided concerning the finished basement area, if any. One comparable has one fireplace. Two comparables have either a 1-car or a 2-car garage. The

comparables have improvement assessments ranging from \$9,102 to \$9,780 or from \$8.38 to \$9.29 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's assessment to \$9,125 or \$8.92 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$19,892. The subject property has an improvement assessment of \$13,824 or \$13.51 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four comparables located within the same neighborhood code and the same block as the subject. The comparables consist of 1-story class 2-03 dwellings of masonry exterior construction ranging in size from 1,152 to 1,275 square feet of living area. The homes are 96 or 98 years old and have basements, one of which has finished area. One comparable has a fireplace, and three comparables have either a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$15,250 to \$17,288 or from \$12.99 to \$13.79 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill. Admin. Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill. Admin. Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparable #3 and the board of review comparables #1 and #2 which differ from the subject in dwelling size and/or lack a garage amenity, unlike the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1 and #2 along with board of review comparables #3 and #4. These comparables are similar to the subject in classification, age, dwelling size, and some features. These four comparables have improvement assessments ranging from \$9,102 to \$15,875 or from \$8.38 to \$13.24 per square foot of living area. The subject's improvement assessment of \$13,824 or \$13.51 per square foot of living area falls within the range of the best comparables in the record on an overall basis and above the range on a per-square-foot basis. After considering the economies of scale and adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not prove by clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
