

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Rosalind Nickens
DOCKET NO.: 21-48746.001-R-1
PARCEL NO.: 31-07-406-028-0000

The parties of record before the Property Tax Appeal Board are Rosalind Nickens, the appellant, by attorney Andreas Mamalakis of the Law Offices of Andreas Mamalakis in Kenosha; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,715
IMPR.: \$15,285
TOTAL: \$19,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story townhome of frame and masonry exterior construction with 1,550 square feet of living area. The dwelling is approximately 15 years old. The home features a full basement, central air conditioning, a fireplace and a two-car garage. The property has a 3,378 square foot site and is located in Tinley Park, Rich Township, Cook County. The subject is classified as a class 2-95 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables that have the same assessment neighborhood code as the subject and are located from .51 to .63 of a mile from the subject property. The comparables are class 2-95 properties that are improved with one-story or two-story townhomes of frame and masonry exterior

construction ranging in size from 1,421 to 1,722 square feet of living area. The dwellings are from 23 to 29 years old. The comparables each have a full basement, a fireplace and a two-car garage. Comparable #4 has central air conditioning. The appellant did not provide any data regarding basement finish, if any, for the subject or the comparables. The comparables have improvement assessments that range from \$7,877 to \$10,786 or from \$5.52 to \$6.26 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$9,130 or \$5.89 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$19,000. The subject property has an improvement assessment of \$15,285 or \$9.86 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four comparables that have the same assessment neighborhood code as the subject property and are located within .25 of a mile from the subject and along the same street as the subject property. The comparables are class 2-95 properties that are improved with one-story or two-story townhomes of masonry or frame and masonry exterior construction ranging in size from 1,479 to 1,836 square feet of living area. The dwellings are from 19 to 26 years old. The comparables each have a full basement, one of which has finished area. Each comparable has central air conditioning and a two-car garage. Two comparables each have a fireplace. The comparables have improvement assessments ranging from \$15,328 to \$18,522 or from \$9.94 to \$10.36 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine comparable properties for the Board's consideration. The Board has given less weight to the appellant's comparables #1, #2, #3 and #5, as well as board of review comparables #2, #3 and #4 which differ from the subject in design and/or dwelling size. Additionally, the appellant's comparables #1, #2, #3 and #5 each lack central air conditioning, a feature of the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparable #4 and board of review comparable #1, which have central air conditioning, like the subject and are overall more similar to the subject in dwelling size, design and some features. However, the dwellings are 14 and 11 years older than the subject, respectively, suggesting upward adjustments would be required to make the comparables more equivalent to the subject. The comparables have improvement assessments of \$8,992 and \$15,328 or \$6.08 and \$10.36 per

square foot of living area, respectively. The subject's improvement assessment of \$15,285 or \$9.86 per square foot of living area is bracketed by the two best comparables in the record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
