

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: JKP Investments, Inc.
DOCKET NO.: 21-48755.001-R-1
PARCEL NO.: 19-35-208-002-0000

The parties of record before the Property Tax Appeal Board are JKP Investments, Inc., the appellant, by Mary Kate Gorman, Attorney at Law in Tinley Park; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,528
IMPR.: \$11,839
TOTAL: \$15,367

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of frame exterior construction with 994 square feet of living area. The dwelling is approximately 70 years old. Features of the home include a concrete slab foundation and one bathroom. The property has a 4,410 square foot site and is located in Chicago, Lake Township, Cook County. The subject is classified as a class 2-02 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on three comparables with the same assessment neighborhood code as the subject. The properties are improved with class 2-02 dwellings of frame exterior construction ranging in size from 909 to 947 square feet of living area and are 69 or 71 years old. The comparables have concrete slab foundations and a bathroom. One comparable has central air conditioning, and two comparables have either a 1-car

or a 2-car garage. The comparables have improvement assessments of \$7,342 and \$8,960 or from \$7.94 to \$9.86 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$9,035 or \$9.09 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$15,367. The subject property has an improvement assessment of \$11,839 or \$11.91 per square foot of living area.¹

In support of its contention of the correct assessment the board of review submitted information on four comparables with the same assessment neighborhood code as the subject. The properties are improved with class 2-02 one-story dwellings of frame exterior construction of 924 or 994 square feet of living area and are 70 or 71 years old. The comparables have concrete slab foundations and a bathroom. The comparables have improvement assessments that range from \$11,600 to \$13,472 or from \$11.67 to \$13.74 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains seven equity comparables for the Board's consideration. The Board has given less weight to the appellant's three comparables and the board of review comparable #4 which are less similar to the subject in dwelling size than the other comparables in the record.

The Board finds the best evidence of assessment equity to be board of review comparables #1, #2 and #3. These comparables have the subject's same neighborhood code and are identical to the subject in design, age, bathroom count, foundation type and other features. These best comparables have improvement assessments of \$11,600 and \$13,472 or \$11.67 and \$13.55 per square foot of living area. The subject's improvement assessment of \$11,839 or \$11.91 per square foot of living area falls within the assessments established by the best comparables in the record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

¹ The subject's improvement assessment of \$11,839 divided by 994 square feet of living area results in the subject having an improvement assessment of \$11.91 per square foot of living area.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
