

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Napoleon Everett
DOCKET NO.: 21-48759.001-R-1
PARCEL NO.: 31-02-204-096-0000

The parties of record before the Property Tax Appeal Board are Napoleon Everett, the appellant, by attorney Andreas Mamalakis of the Law Offices of Andreas Mamalakis in Kenosha; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$1,959
IMPR.: \$11,449
TOTAL: \$13,408

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story townhome of frame exterior construction with 1,600 square feet of living area. The dwelling is approximately 46 years old. The home features a full basement, central air conditioning, a fireplace¹ and a two-car garage. The property has a 2,375 square foot site and is located in Hazel Crest, Rich Township, Cook County. The subject is classified as a class 2-95 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables that have the same assessment neighborhood code as the subject property. The

¹ The appellant disclosed the subject has a fireplace, which was not reported by nor was it refuted by the board of review.

comparables are class 2-95 properties that are improved with two-story townhomes of frame exterior construction, each containing 1,895 square feet of living area. The dwellings are from 47 to 49 years old. The comparables each have a partial basement, central air conditioning, a fireplace and a two-car garage. The comparables have improvement assessments that range from \$10,743 to \$11,058 or from \$5.67 to \$5.84 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$9,264 or \$5.79 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$13,408. The subject property has an improvement assessment of \$11,449 or \$7.16 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four comparables that have the same assessment neighborhood code as the subject property. The comparables are class 2-95 properties that are improved with two-story townhomes of frame exterior construction each containing 1,574 or 1,600 square feet of living area. The dwellings are 44 or 46 years old. Each comparable has a full basement, central air conditioning and a two-car garage. The comparables have improvement assessments of either \$11,449 or \$12,885 and \$7.16 or \$8.19 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine comparable properties for the Board's consideration. The Board has given less weight to the appellant's comparables due to their larger dwelling sizes when compared to the subject.

The Board finds the best evidence of assessment equity to be the four comparables submitted by the board of review, which are similar to the subject in location and similar, if not identical to the subject in dwelling size, design, age and some features. These four comparables have improvement assessments of \$11,449 or \$12,885 and \$7.16 or \$8.19 per square foot of living area. The subject's improvement assessment of \$11,449 or \$7.16 per square foot of living area is identical to three of the four best comparables in the record and appears to be well supported. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
