

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Darryl Henry
DOCKET NO.: 21-48771.001-R-1
PARCEL NO.: 31-13-304-005-0000

The parties of record before the Property Tax Appeal Board are Darryl Henry, the appellant, by attorney Andreas Mamalakis of the Law Offices of Andreas Mamalakis in Kenosha; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$6,000
IMPR.: \$15,237
TOTAL: \$21,237

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame and masonry exterior construction with 3,201 square feet of living area. The dwelling is approximately 52 years old. The home features a partial basement that is unfinished, central air conditioning, a fireplace and a 2-car garage. The property has a 15,000 square foot site and is located in Olympia Fields, Rich Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables that have the same assessment neighborhood code as the subject property. The comparables are located from .11 to .63 of a mile from the subject property, one of which is also located along the same street as the subject. The comparables are class 2-78 properties that are

improved with two-story dwellings of frame and masonry exterior construction ranging in size from 2,687 to 3,721 square feet of living area. The dwellings are from 45 to 63 years old. The comparables each have a full or partial basement with undisclosed basement finish, if any. Three comparables have central air conditioning. Each comparable has one or two fireplaces and either a 2-car or a 2.5-car garage. The comparables have improvement assessments that range from \$10,168 to \$12,227 or from \$2.92 to \$4.55 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$12,356 or \$3.86 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$21,237. The subject property has an improvement assessment of \$15,237 or \$4.76 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four comparables that have the same assessment neighborhood code as the subject property. The comparables are located within the same block as the subject property, three of which are also along the same street as the subject. The comparables are class 2-78 properties that are improved with two-story dwellings of frame and masonry exterior construction ranging in size from 2,668 to 3,628 square feet of living area. The dwellings are from 47 to 55 years old. The comparables each have a full or partial basement, two of which have finished area. Each comparable has central air conditioning, one or two fireplaces and a 2-car garage. The comparables have improvement assessments ranging from \$12,753 to \$19,968 or from \$4.78 to \$5.50 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine comparable properties for the Board's consideration. The Board has given less weight to the appellant's comparables, as well as board of review comparables #1 and #4 which differ from the subject in dwelling size and/or lack central air conditioning, a feature of the subject.

The Board finds the best evidence of assessment equity to be board of review comparables #2 and #3, which are overall most similar to the subject in location, dwelling size, design, age and some features. These two comparables have improvement assessments of \$14,077 and \$17,052 or \$4.85 and \$5.50 per square foot of living area, respectively. The subject's improvement assessment of \$15,237 or \$4.76 per square foot of living area is bracketed by the two best comparables in the record in terms of total improvement assessment but below the comparables

on a per square foot of living area basis. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
