

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Martin Weir
DOCKET NO.: 21-48781.001-R-1
PARCEL NO.: 17-33-312-025-0000

The parties of record before the Property Tax Appeal Board are Martin Weir, the appellant, by Mary Kate Gorman, Attorney at Law in Tinley Park; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$13,200
IMPR.: \$30,800
TOTAL: \$44,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry exterior construction with 1,793 square feet of living area. The dwelling is approximately 29 years old. The home features a full unfinished basement, 2½ bathrooms and central air conditioning. The property has a 3,000 square foot site and is located in Chicago, South Chicago Township, Cook County. The subject is classified as a class 2-07 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables that have the same assessment neighborhood code and property classification code as the subject. The comparables are located from .11 to .56 of a mile from the subject property and are improved with two-story dwellings of masonry exterior construction ranging in size from 1,774 to 1,800 square feet of living area. The dwellings are each 46 years old. The comparables

each have a full or partial basement. No data was provided by the appellant concerning basement finish, if any, of the subject and the comparables. Each comparable has 2 or 2½ bathrooms and central air conditioning. Comparable #3 has a fireplace. The comparables have improvement assessments that range from \$25,906 to \$26,573 or from \$14.52 to \$14.80 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$26,339 or \$14.69 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$44,000. The subject property has an improvement assessment of \$30,800 or \$17.18 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four comparables that have the same assessment neighborhood code and property classification code as the subject. The comparables are located approximately ¼ a mile from the subject property, two of which are also along the same street as the subject. The comparables are improved with two-story dwellings of masonry exterior construction ranging in size from 1,718 to 1,800 square feet of living area and in age from 17 to 35 years old. The comparables each have a full or partial basement, two of which are finished with a formal recreation room. Each comparable has 2, 2 or 3½ bathrooms, central air conditioning and a two-car garage. The comparables have improvement assessments ranging from \$31,905 to \$37,808 or from \$17.73 to \$21.58 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven comparable properties for the Board's consideration. The Board has given less weight to the appellant's comparables due to their considerably older dwelling ages, when compared to the subject.

The Board finds the best evidence of assessment equity to be the comparables submitted by the board of review, which have the same assessment neighborhood code and property classification code as the subject. These four comparables are overall most similar to the subject in location, dwelling size, design and age. However, the dwellings have varying degrees of similarity when compared to the subject in bathroom count and basement finish, and each comparable has a two-car garage, unlike the subject suggesting adjustments would be required to make the comparables more equivalent to the subject. Nevertheless, the comparables have improvement assessments ranging from \$31,905 to \$37,808 or from \$17.73 to \$21.58 per square foot of living area. The subject's improvement assessment of \$30,800 or \$17.18 per square foot of living area is less than

the four best comparables in the record both in terms of total improvement assessment and on a per square foot basis. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
