

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Nicholas Madia
DOCKET NO.: 21-48812.001-R-1
PARCEL NO.: 17-33-302-049-0000

The parties of record before the Property Tax Appeal Board are Nicholas Madia, the appellant, by Mary Kate Gorman, Attorney at Law, in Tinley Park, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$16,368
IMPR.: \$21,647
TOTAL: \$38,015

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of masonry exterior construction with 1,093 square feet of living area and which is approximately 67 years old. Features include a full unfinished basement, 1 full bathroom, and a two-car garage. The property has a 3,720 square foot site and is located in Chicago, South Chicago Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity concerning the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables located in the same neighborhood code as the subject and from .15 to .87 of a mile from the subject. The comparables consist of class 2-03 dwellings of masonry exterior construction which are either 133 or 138 years old. The dwellings contain 1,152 or 1,260 square feet of living area and have full basements, 1 full bathroom, and comparable #1 has a two-car

garage. The comparables have improvement assessments ranging from \$14,148 to \$15,250 or from \$11.40 to \$12.28 per square foot of living area.

Based on this evidence, the appellant requested a reduced improvement assessment of \$13,039 or \$11.93 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$38,015. The subject property has an improvement assessment of \$21,647 or \$19.81 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on three equity comparables located in the same neighborhood code as the subject and within ¼ of mile from the subject. The comparables consist of class 2-03 one-story dwellings of masonry exterior construction which range in age from 47 to 51 years old. The dwellings contain either 1,083 or 1,100 square feet of living area and have full unfinished basements, and 1 or 1½ bathrooms. Comparable #1 has central air conditioning, and two comparables each have a two-car garage. The comparables have improvement assessments ranging from \$23,419 to \$28,250 or from \$21.29 to \$25.77 per square foot of living area.

Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of six suggested equity comparables to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to appellant's comparables, due to significant differences in ages of 133 and 138 years when compared to the subject property which is 67 years old and two of the comparables are each significantly larger than the subject in dwelling size as well.

The Board finds the best evidence of assessment equity to be the board of review comparables, which are each relatively similar to the subject in location, dwelling size, age, foundation type, and some other features. Comparable #1 necessitates adjustments for superior bathroom count and air conditioning feature but also adjustment for lack of a garage which is a feature of the subject. These best comparables have improvement assessments ranging from \$23,419 to \$28,250 or from \$21.29 to \$25.77 per square foot of living area. The subject's improvement assessment of \$21,647 or \$19.81 per square foot of living area is below the range of the best comparables both in terms of overall improvement assessment and on a per-square-foot of living area basis.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. The requirement is satisfied if the intent is evident to adjust the taxation burden with a reasonable degree of uniformity and if such is the effect of the statute enacted by the General Assembly establishing the method of assessing real property in its general operation. A practical uniformity, rather than an absolute one, is the test. Apex Motor Fuel Co. v. Barrett, 20 Ill. 2d 395 (1960). Although the comparables presented by the parties disclosed that properties located in the same area are not assessed at identical levels, all that the constitution requires is a practical uniformity which appears to exist on the basis of the evidence.

Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
