

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: William Lehman
DOCKET NO.: 21-48827.001-R-1
PARCEL NO.: 17-32-211-024-0000

The parties of record before the Property Tax Appeal Board are William Lehman, the appellant, by Mary Kate Gorman, Attorney at Law, in Tinley Park, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$11,904
IMPR.: \$287
TOTAL: \$12,191

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a residential garage improvement of unknown building size and unknown age. The property has a 2,976 square foot site and is located in Chicago, South Chicago Township, Cook County. The subject is classified as a class 2-01 (residential garage) property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as to the residential garage as the basis of the appeal. No challenge was made to the land assessment. In support of this argument, the appellant submitted information on four equity comparables located in the same neighborhood code as the subject and from .3 to .9 of a mile from the subject. The comparables are class 2-01, residential garages, of unknown age and unknown building size. The comparables have improvement assessments ranging from \$27 to \$47. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$33 which would reflect an average of the four comparables presented by the appellant.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$12,191. The subject property has an improvement assessment of \$287.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located in the same neighborhood code as the subject. No information was provided as to the classification, age and/or building sizes of the improvements on these respective parcels. The comparables have improvement assessments ranging from \$189 to \$1,251. Based on this evidence, the board of review requested confirmation of the subject's improvement assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties presented a total of eight equity comparables to support their respective positions before the Property Tax Appeal Board. The Board finds the record depicts improvement assessments ranging from \$27 to \$1,251. The subject's improvement assessment of \$287 falls within the range established by the eight comparables presented by the parties in this record.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. The requirement is satisfied if the intent is evident to adjust the taxation burden with a reasonable degree of uniformity and if such is the effect of the statute enacted by the General Assembly establishing the method of assessing real property in its general operation. A practical uniformity, rather than an absolute one, is the test. Apex Motor Fuel Co. v. Barrett, 20 Ill. 2d 395 (1960). Although the comparables presented by the parties disclosed that properties located in the same area are not assessed at identical levels, all that the constitution requires is a practical uniformity which appears to exist on the basis of the evidence.

Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
