

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

A0PPELLANT: United Property Chicago LLC
DOCKET NO.: 21-48954.001-C-1 through 21-48954.004-C-1
PARCEL NO.: See Below

The parties of record before the Property Tax Appeal Board are United Property Chicago LLC, the appellant(s), by attorney Paul K. Lee, of The Law Office of Paul K. Lee in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

DOCKET NO	PARCEL NUMBER	LAND	IMPRVMT	TOTAL
21-48954.001-C-1	17-33-321-006-0000	5,208	38,325	\$43,533
21-48954.002-C-1	17-33-321-007-0000	5,208	38,328	\$43,536
21-48954.003-C-1	17-33-321-008-0000	7,291	35,016	\$42,307
21-48954.004-C-1	17-33-321-009-0000	5,357	15,267	\$20,624

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160), challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of an 11,904 square foot parcel of land improved with a 29-year-old one-story building containing an industrial space. The improvement is of masonry construction containing 15,036 square feet of building area. The property is located in Chicago, South Chicago Township, Cook County, and is classified as a class 5-93 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends that overvaluation is the basis of the appeal. In support of this argument, the appellant submitted an appraisal estimating the subject property had a market value of \$600,000 as of January 1, 2021.

The appellant contends that overvaluation as the basis of the appeal. In support of this argument, the appellant submitted an appraisal which estimated the subject's market value as of January 1, 2021, at \$600,000. The appraisal indicated the subject was inspected. The appraiser utilized the income and sales comparison approaches to value to estimate the subject's market value. The appraiser opined that the highest and best use of the property as improved is its current use.

The owner-occupied subject is located on the east side of Halsted Street, approximately 288 feet north of Pershing Road (39th Street). The surrounding improvements are a mix of commercial and light industrial improvements. The subject site contains four parcels measuring 11,904 square feet or 0.27 acres, with 96+- feet of frontage along the east side of Halsted Street. The subject comprises two interconnected masonry-constructed industrial buildings. The front building is a 9,792 square foot, three-story, face brick and stucco building. The building is currently used for storage/warehousing with refrigerated space. The subject has six available surfaces for parking. The subject is in a medium-density area with a modest commercial and light industrial draw. The subject site is less than one mile west of Interstate 94 (The Dan Ryan Expressway). The subject is a regular-shaped site that measures 11,904 square feet. It is improved with a three-story and one-story with a partial second floor, 15,036-square-foot, masonry-constructed, industrial building currently occupied by United Foods, Inc. The building and site improvements were completed in stages in 1873, 1967, and 1973. And therefore have a chronological age of 45 to 148 years. The subject was listed by the appraiser to be in fair condition.

Under the income approach, the appraiser analyzed five comparable industrial offerings to arrive at a rental rate for the owner-occupied commercial space of \$6.00 per square foot on the net basis for the improvement. These figures lead to a potential gross income of \$90,216. The subject has a rentable area of 15,036 SF with a monthly base rent of \$7,518. The appraiser applied a vacancy and collection rate of 10.00% for the commercial space to arrive at an effective gross income of \$81,194. The stabilized expenses are estimated at 26.64% of the effective gross income or a total stabilized expense amount of \$20,818, resulting in a net operating income of \$60,376, or 74.36%.

In determining a capitalization rate (cap rate), the appraiser reviewed surveys and utilized the direct capitalization and band of investment methods to estimate a cap rate of 9.50%. This rate was loaded at 5.57%, with a loaded cap rate of 10.06%, resulting in a subject value under the income approach of \$600,000 (rounded), or \$39.93 per square foot.

Under the sales comparison approach, the appraiser analyzed five sales to arrive at the estimate of value. They sold for prices ranging from \$240,000 to \$1,150,000 or from \$20.00 to \$65.71 per unit. The appraiser also stated that the property rights appraised in the appraisal are fee simple interest. The subject property is a retail carve-out within a larger development. It only has rights to the spaces that the retail units occupy; therefore, all of the comparables except for sale two have received downward adjustments as they are free-standing buildings with full property rights to their building and the underlying land. Based on this, the appraisal estimated a value for the subject under the sales comparison approach as \$600,000. The appraiser gave equal weight to the income capitalization and sales approach to value. The appraiser's final opinion of value is \$600,000.

The board of review submitted its "Board of Review Notes on Appeal," disclosing the total assessment for the subject of \$216,142. The subject's assessment reflects a market value of \$193,079, including land, when applying the 2021 level of assessment for class 5 property under the Cook County Real Property Assessment Classification Ordinance of 25%.

The board of review did not submit any additional notes on appeal.

The matter was set for a hearing before an Administrative Law Judge on February 24, 2026. On February 24, 2026, however, the parties entered into a written agreement to waive the hearing and have the matter decided on the evidence that had been submitted.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal, the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof, and a reduction in the subject's assessment is warranted.

The Board finds that the best evidence of market value is the appraisal submitted by the appellant for \$600,000. The subject's assessment reflects the market value above the best evidence of market value in the record. The Board finds the subject property had a taxable assessed value of \$150,000 as of the assessment date at issue. Since market value has been established, the 2020 level of assessment for class 5 property under the Cook County Real Property Assessment Classification Ordinance of 25% shall apply. (86 Ill.Admin.Code §1910.50(c)(2)).

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
