

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Relu Stan CDCT Land Company
DOCKET NO.: 21-49123.001-R-1
PARCEL NO.: 17-10-221-064-0000

The parties of record before the Property Tax Appeal Board are Relu Stan CDCT Land Company, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$21,315
IMPR.: \$102,685
TOTAL: \$124,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 3-story dwelling of masonry exterior construction with 2,799 square feet of living area. The dwelling is approximately 25 years old. Features of the home include a slab foundation, central air conditioning, and a 2-car garage. The property has a 1,218 square foot site and is located in Chicago, North Chicago Township, Cook County. The subject is classified as a class 2-95 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity regarding the improvement as the basis of the appeal. In support of this argument the appellant submitted information on nine equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 3-story dwellings of masonry exterior construction with 2,799 square feet of living area. The comparables are 26 years old and have slab foundations. Each

comparable has central air conditioning and a 2-car garage. Comparable #1 has a fireplace. The comparables have improvement assessments ranging from \$96,315 to \$99,185 or from \$34.41 to \$35.44 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$124,000. The subject property has an improvement assessment of \$102,685 or \$36.69 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 3-story dwellings of masonry exterior construction with 2,799 square feet of living area. The comparables are 25 years old and have slab foundations. Each comparable has central air conditioning and a 2-car garage. The comparables have improvement assessments ranging from \$102,632 to \$102,737 or from \$36.67 to \$36.70 per square foot of living area. Based on the evidence the board of review requests confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains 13 equity comparables for the Board's consideration that are identical or nearly identical to the subject in location, age, dwelling size and features. These comparables have improvement assessments ranging from \$96,315 to \$102,737 or from \$34.41 to \$36.70 per square foot of living area. The subject's improvement assessment of \$102,685 or \$36.69 per square foot of living area falls within the range established by the comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
