

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Stephen Lin
DOCKET NO.: 21-49152.001-R-1
PARCEL NO.: 17-04-111-032-0000

The parties of record before the Property Tax Appeal Board are Stephen Lin, the appellant, by attorney Brian P. Liston, of the Law Offices of Liston & Tsantilis, P.C. in Chicago, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$38,750
IMPR.: \$56,750
TOTAL: \$95,500

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story multi-family building of masonry construction with approximately 3,750 square feet of gross building area. The property has a 3,100 square foot site and is located in Chicago, North Chicago Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of this argument the appellant submitted evidence disclosing the subject property was purchased on November 22, 2021 for a price of \$955,000. The appellant reported the transaction was not between family members or related corporations and the property was sold by a Realtor after it was advertised as of July 29, 2021 on Zillow. The property was not sold due to a foreclosure action nor was it sold by contract for deed. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price.

In further support, the appellant submitted copies of the warranty deed, the sales contract and the settlement statement related to the transaction in which a commission was paid as part of the transaction.

Based on this evidence, the appellant requested a reduced assessment reflective of the purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$126,000. The subject's assessment reflects a market value of \$1,260,000, land included, when using the level of assessments for class 2 property of 10% under the Cook County Real Property Assessment Classification Ordinance.

In response to the appeal, the board of review acknowledged the recent sale that occurred in November 2021 and reported the property was given an assessment reflective of the purchase price for tax year 2022.

The board of review provided no market evidence in support of the current assessment of the subject property. Based on the foregoing, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best and only evidence of market value to be the purchase of the subject property in November, 2021 for a price of \$955,000. The appellant provided evidence demonstrating the sale had the elements of an arm's length transaction. The appellant completed Section IV - Recent Sale Data of the appeal disclosing the parties to the transaction were not related, the property was sold using a Realtor, the property had been advertised on the open market on the Internet using Zillow and it had been on the market since July 2021. In further support of the transaction the appellant submitted a copy of the warranty deed, the settlement statement which depicted a commission being paid along with a copy of the sales contract.

The Board further finds the purchase price of \$955,000 is below the market value reflected by the assessment of \$1,260,000. The Board finds the board of review did not present any evidence to challenge the arm's length nature of the transaction or to refute the contention that the purchase price was reflective of market value. Based on this record the Board finds the subject property had a market value of \$995,000 as of January 1, 2021. Since market value has been determined the level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10% shall apply. 86 Ill.Admin.Code §1910.50(c)(2).

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
