

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Matthew Jednoroz
DOCKET NO.: 21-49300.001-R-1
PARCEL NO.: 31-01-302-007-0000

The parties of record before the Property Tax Appeal Board are Matthew Jednoroz, the appellant(s), by attorney Stephanie Park, of Park & Longstreet, P.C. in Inverness; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$5,852
IMPR.: \$10,946
TOTAL: \$16,798

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to Section 16-160 of the Property Tax Code (*35 ILCS 200/16-160*) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a 64-year-old, one-story, building of masonry exterior construction. It contains 1,937 square feet of gross building area. Features of the subject include an unfinished crawl space, central air conditioning, one fireplace, and a one-car garage. The property is situated on 12,320 square feet of land in Rich Township, Cook County. The subject is classified as a Class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of this argument, the appellant submitted a settlement statement that disclosed the subject property was purchased on September 22, 2017, for \$156,500. The subject's sale price reflects a market value of \$80.80 per square foot

of gross building area including land. The appellant also submitted a sale summary from realtor.com. The appellant provided information in Section IV–Recent Sale Data of the Residential Appeal that the subject was not transferred between related parties; was advertised and sold by a realtor; was not sold due to a foreclosure. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price when applying the 2021 level of assessment of 10.00% for Class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$16,798. The subject's assessment reflects a market value of \$167,980, or \$86.72 per square foot when applying the 2021 level of assessment of 10.00% for Class 2 property under the Cook County Real Property Assessment Classification Ordinance. In support of its contention of the correct assessment, the board of review submitted information on three suggested comparable sales that occurred from 2019 through 2021.

In rebuttal, the appellant argued that the comparable properties submitted as evidence by the board of review should be given diminished weight because they were dissimilar to the subject in various key property characteristics and did not rebut the appellant's argument. The appellant reaffirmed the request for an assessment reduction.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. *86 Ill.Admin.Code §1910.63(e)*. Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. *86 Ill.Admin.Code §1910.65(c)*. The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of market value in the record to be sales comparable properties #2 and #3 submitted by the board of review. These comparable properties were similar with the subject in location, style, construction, features, age, living area and land area. These properties also sold proximately in time to the assessment date at issue. The comparable properties sold for prices ranging from \$100.59 to \$122.22 per square foot of living area, including land. Sale #2 was especially similar in that it was on the same block as the subject, contained an unfinished crawl space, and was sold one year prior to the lien year. The subject's assessment reflects a market value of \$86.72 per square foot of living area, including land, which is below the range established by the best comparable sales in this record. The Board gives little weight to the subject's sale because it did not occur proximately in time to the assessment date at issue. The 2017 sale was four years prior to the lien year and was in a prior general assessment period.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
