

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Chicago Title Land Trust
DOCKET NO.: 21-49337.001-R-1
PARCEL NO.: 20-30-409-003-0000

The parties of record before the Property Tax Appeal Board are Chicago Title Land Trust, the appellant, by attorney Brian P. Liston, of the Law Offices of Liston & Tsantilis, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$2,616
IMPR.: \$3,884
TOTAL: \$6,500

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of frame exterior construction with 1,022 square feet of living area. The dwelling is 65 years old. Features of the home include a slab foundation, and a 1-car garage. The property has a 3,270 square foot site and is located in Chicago, Lake Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the subject's improvement as the basis of the appeal. In support of this argument the appellant submitted information on three comparable properties that are located within the same neighborhood code as the subject. The comparables are improved with class 2-03 dwellings of frame exterior construction with 1,023 or 1,134 square feet of living area. The dwellings are 68 or 95 years old. The comparables have

slab foundations and a 1-car garage. The comparables have improvement assessments of \$2,891 and \$3,500 or \$2.83 and \$3.09 per square foot of living area.

Based on this evidence the appellant requested that the subject's improvement assessment be reduced to \$3,066 or \$3.00 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$6,500. The subject property has an improvement assessment of \$3,884 or \$3.80 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four comparable properties that are located within the same neighborhood code as the subject. The comparables are improved with class 2-03 dwellings of frame exterior construction ranging in size from 1,012 to 1,059 square feet of living area. The dwellings range in age from 66 to 70 years old and have slab foundations. Two comparable each have a 1-car garage. The comparables have improvement assessments of \$7,905 and \$9,000 or from \$7.68 to \$8.89 per square foot of living area.

Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of seven comparable properties for the Board's consideration. The Board finds each of the parties' comparables are similar to the subject in location, building classification, size and most features. However, each of the comparables has an older dwelling when compared to the subject, and two lack a 1-car garage when compared to the subject. Nevertheless, the parties' comparables had improvement assessments that ranged from \$2,891 to \$9,000 or from \$2.83 to \$8.89 per square foot of living area. The subject's improvement assessment of \$3,884 or \$3.80 per square foot of living area falls within the range established by the best comparables in this record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the subject's improvement assessment is supported. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
