

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Chris Ryan
DOCKET NO.: 21-49926.001-R-1
PARCEL NO.: 14-33-324-036-0000

The parties of record before the Property Tax Appeal Board are Chris Ryan, the appellant(s), by attorney Kevin Fanning, of Fanning Law, LLC in Schaumburg; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$23,750
IMPR.: \$52,250
TOTAL: \$76,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story, multi-family dwelling of frame construction with 2,336 square feet of living area. The dwelling is approximately 75 years old. Features of the home include a slab foundation and three full bathrooms. The property has a 1,900 square foot site located in Chicago, North Chicago Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparable properties with varying degrees of similarities to the subject that were located between a 0.4-mile and a one-mile radius from the subject. The comparable properties ranged in age from 30 to 124 years and in living area from 1,728 and 3,249 square feet.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$76,000. The subject property has an improvement assessment of \$52,250 or \$22.37 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparable properties with varying degrees of similarities to the subject that are located within a ¼-mile from the subject. The comparable properties are two-story class 2-06 single-family dwellings that range in size from 2,208 to 2,683 square feet of living area. The homes range in age from 72 to 111 years old and have full basements. The comparable properties have improvement assessments ranging from \$15.10 to \$15.80 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Prior to a scheduled July 14, 2025, hearing before a PTAB Administrative Law Judge the parties entered into a written agreement to waive hearing and have a decision rendered based on the previously submitted evidence.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparable properties to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight class 2-11 equity comparable properties for the Board's consideration in determining assessment equity. The Board places emphasis on those submitted comparable properties that are more proximate in location, more similar in size, and with similar features relative to the subject and will make appropriate and relevant adjustments to the best submitted comparable properties for differences from the subject in its analysis in determining whether the subject's improvement assessment is supported. After considering all the comparable properties submitted by the parties the Board finds that the comparable properties submitted by the parties lacked sufficient similarities with subject to allow a thorough analysis to determine if the subject was properly assessed.

While this Board finds that the board of reviews evidence failed to support their contention of the correct assessment, the appellant ultimately had the burden of showing inequity in the assessment process by clear and convincing evidence. The appellant failed to do so and based on the record before the Board it is unable to establish a range for determining assessment equity. Accordingly, the Board finds that the appellant failed to show by clear and convincing evidence that the subject's improvement was inequitably assessed, and a reduction in the subject's assessment on this basis is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
