

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jerry Kurzatkowski
DOCKET NO.: 21-50090.001-R-1
PARCEL NO.: 12-11-110-031-0000

The parties of record before the Property Tax Appeal Board are Jerry Kurzatkowski, the appellant; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$10,840
IMPR.: \$67,160
TOTAL: \$78,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 3-story multi-family dwelling of masonry exterior construction with 6,351 square feet of living area. The dwelling is approximately 52 years old and features an unfinished basement.¹ The property has an approximately 5,420 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with 3-story multi-family dwellings of masonry exterior construction with 6,570 or 7,032 square feet of living area. The dwellings range in age from 49 to 51 years

¹ The Board finds the best description of the subject's foundation type was found in the grid analysis submitted by the board of review which was not refuted by the appellant.

old. Comparable #2 has a basement with finished area and comparable #4 has a 2.5-car garage. The comparables have improvement assessments ranging from \$58,775 to \$62,804 or from \$8.81 to \$8.95 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$55,952 or \$8.81 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$78,000. The subject property has an improvement assessment of \$67,160 or \$10.57 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with 3-story multi-family class 2-11 dwellings of masonry exterior construction ranging in size from 6,229 to 6,368 square feet of living area. The homes range in age from 49 to 53 years old. Two comparables have an unfinished basement and two comparables each have a concrete slab foundation. Comparable #1 has a 2-car garage. The comparables have improvement assessments ranging from \$67,160 to \$68,810 or from \$10.78 to \$10.94 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables along with board of review comparables #2 and #3 which differ from the subject in foundation type and/or dwelling size.

The Board finds the best evidence of assessment equity to be board of review comparables #1 and #4 which are more similar to the subject in location, age, design, dwelling size and most features. These two comparables have improvement assessments of \$68,648 and \$68,810 or for \$10.81 and \$10.87 per square foot of living area. The subject's improvement assessment of \$67,160 or \$10.57 per square foot of living area falls below the two best comparables in this record. After considering adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
