

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Gregory Morris
DOCKET NO.: 21-50179.001-R-1
PARCEL NO.: 13-24-111-038-0000

The parties of record before the Property Tax Appeal Board are Gregory Morris, the appellant, by attorney Donald T. Rubin, of Golan Christie Taglia LLP in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$15,625
IMPR.: \$57,375
TOTAL: \$73,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame construction with 2,508 square feet of living area which is approximately 16 years old. Features of the home include three full and one half baths, a full basement with recreation room, central air conditioning, two fireplaces, and a 2.5-car garage. The property has a 3,125 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-78 property¹ under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on six equity comparables located within 1.3 miles from the subject and in the same assessment neighborhood code as the subject property. The comparables consist of class 2-78 dwellings of frame

¹ Two or more story residence, up to 62 years old, ranging in size from 2,001 to 3,800 square feet of living area.

construction ranging in size from 2,356 to 2,808 square feet of living area and ranging in age from 7 to 18 years old. Each comparable features either two or three full baths and a half bath, a full finished basement, central air conditioning, one or two fireplaces, and a 2-car or a 2.5-car garage. The comparables have improvement assessments that range from \$43,822 to \$52,100 or from \$18.23 to \$19.50 per square foot of living area. The appellant also submitted property information sheets from the Cook County Assessor's database for the subject and each comparable property. Based on this evidence, the appellant requested a reduction to the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$73,000. The subject property has an improvement assessment of \$57,375 or \$22.88 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within .25 of a mile from the subject and within the same assessment neighborhood code as the subject property. The comparables consist of class 2-78 dwellings of frame construction ranging in size from 2,442 to 2,778 square feet of living area which are either 7 or 10 years old. Each comparable features either two or three full baths and a half bath, a full finished basement, central air conditioning, and a 2-car garage. Three comparables have either one or two fireplaces. The comparables have improvement assessments that range from \$64,958 to \$73,000 or from \$25.13 to \$29.89 per square foot of living area.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of ten equity comparables in support of their positions before the Property Tax Appeal Board. The Board gives less weight to appellant's comparable #3 which is the least proximate in distance from the subject, being located more than one mile from the subject property. The Board finds the remaining comparables to be similar to the subject in location as well as design/class, dwelling size, bathroom count, finished basement area, and other features. The most similar comparables in the record have improvement assessments ranging from \$43,822 to \$73,000 or from \$18.23 to \$29.89 per square foot of living area. Excluding appellant's comparable #4 and board of review comparable #4 which are at the low end and high end of the range of values, respectively, yields a tighter range from \$51,200 to \$70,500 or from \$18.23 to \$25.38 per square foot of living area. The subject's improvement assessment of \$57,375 or \$22.88 per square foot of living area falls within the range established by the most similar comparables in this record both on a per square foot of living area basis and in terms of overall improvement assessment.

After considering adjustments to the best comparables for any differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement is inequitably assessed and, therefore, a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
