

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Manuel Rodriguez
DOCKET NO.: 21-50197.001-R-1
PARCEL NO.: 15-13-218-022-0000

The parties of record before the Property Tax Appeal Board are Manuel Rodriguez, the appellant, by attorney Anthony Lewis, of the Law Offices of Gary H. Smith in Chicago, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,328
IMPR.: \$19,872
TOTAL: \$23,200

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a one-story, single-family dwelling of stucco construction with 1,145 square feet of living area located in Forest Park, Proviso Township, Cook County. The building is 98 years old. Features of the dwelling include a full, unfinished basement, central air conditioning, and a two-car garage. The subject is located on a 5,120 square foot site. It is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as a basis of the appeal. In support of this argument, the appellant submitted an appraisal estimating the subject property had a market value of \$232,000 as of May 21, 2020. The appraiser relied on the sales comparison approach in which he used sales of three comparable properties in Forest Park that took place between November 2019 and December 2019 for amounts ranging from \$232,000 to \$250,000, or from \$172.88 to \$212.45

per square foot of living area, land included in the sales prices. The appraiser adjusted the sales prices to account for differences between the subject and the comparables. Photographs of the subject dwelling's interior were included with the appraisal.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$29,113. The subject's assessment reflects a market value of \$291,130 or \$254.26 per square foot of living area, land included, when using the Cook County Real Estate Classification Ordinance level of assessment for class 2 property of 10%.

In support of the assessment, the board of review submitted information about sales of four suggested comparable properties. The suggested comparables were sold between March 2021 and September 2021 for amounts ranging from \$309,000 to \$480,000 or between \$286.38 and \$360.36 per square foot of living area, land included in the sales prices.

Conclusion of Law

The appellant contends that the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal, the value of the property must be proved by a preponderance of the evidence. 86 Ill. Admin. Code §1910.63(e); Winnebago County Bd. of Review v. Property Tax Appeal Bd., 313 Ill. App. 3d 1038, 1043 (2d Dist. 2000). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill. Admin. Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds that the best evidence of the subject's market value is the appraisal submitted by the appellant. That appraisal employed the sales comparison approach, relying upon sales of three suggested comparable properties in Forest Park between November 2019 and December 2019, for amounts ranging from \$232,000 to \$250,000, or from \$172.88 to \$212.45 per square foot of living area, land included in the sales prices. The appraiser adjusted these sales prices to account for differences between the subject and the comparables. In contrast, the board of review's evidence consists of unadjusted data from several sales.

Accordingly, the Board finds the subject property had a fair market value of \$232,000 as of the assessment date at issue. Because the assessment reflects a greater fair market value, the Board finds a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
