

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Chris DuPont
DOCKET NO.: 21-50333.001-R-1
PARCEL NO.: 13-21-204-015-0000

The parties of record before the Property Tax Appeal Board are Chris DuPont, the appellant, by attorney Dora Cornelio, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$11,477
IMPR.: \$27,341
TOTAL: \$38,818

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story multi-family building of stucco exterior construction with 2,192 square feet of building area. The building is approximately 105 years old. Features of the building include an unfinished basement,¹ central air conditioning and a 2-car garage. The property has an approximately 4,099 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables located in the same assessment neighborhood code as the subject property. The

comparables are improved with 1.5-story² class 2-11 multi-family buildings of frame exterior construction ranging in size from 2,052 to 2,385 square feet of building area. The buildings range in age from 99 to 115 years old. Four comparables have a basement with finished area and one comparable has a concrete slab foundation. Four properties have from a 1.5-car to a 2.5-car garage. The comparables have improvement assessments ranging from \$9,648 to \$11,660 or from \$4.70 to \$5.16 per square foot of building area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$10,543 or \$4.81 per square foot of building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$38,818. The subject property has an improvement assessment of \$27,341 or \$12.47 per square foot of building area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with 2-story class 2-11 multi-family buildings of stucco, masonry or frame exterior construction ranging in size from 1,840 to 2,544 square feet of building area. The buildings range in age from 45 to 110 years old. Three comparables have a basement, with one having finished area and one comparable has a concrete slab foundation. Each property has a 1.5-car or a 2-car garage and one building has central air conditioning. The comparables have improvement assessments ranging from \$27,946 to \$36,584 or from \$13.03 to \$16.12 per square foot of building area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables along with board of review comparables #1 and #4 which differ from the subject in age, foundation type and/or have finished basement area, unlike the subject.

The Board finds the best evidence of assessment equity to be board of review comparables #2 and #3 which are more similar to the subject in location, age, design, building size and most features. These two comparables have improvement assessments of \$28,668 and \$29,668 or \$13.03 and \$16.12 per square foot of building area. The subject's improvement assessment of \$27,341 or \$12.47 per square foot of building area falls below the two best comparables in this record. After considering adjustments to the comparables for differences from the subject, the

² Some property characteristics for the appellant's comparables corrected or supplemented with information found in the Property Search Details submitted by the appellant.

Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
