

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Thomas Buechele
DOCKET NO.: 21-50337.001-R-1
PARCEL NO.: 13-13-209-045-0000

The parties of record before the Property Tax Appeal Board are Thomas Buechele, the appellant, by attorney Ciarra J. Schmidt, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$8,640
IMPR.: \$61,360
TOTAL: \$70,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame exterior construction with 2,064 square feet of living area. The dwelling is approximately 110 years old and features an unfinished basement. The property has an approximately 3,600 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-05 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted a grid analysis and property search detail sheets with information on five equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with 1-story or 2-story class 2-05 dwellings of frame, masonry or frame and masonry exterior construction ranging in size from 1,929 to 2,150 square feet of living area. The homes range in age from 63 to 143

years old. Each comparable has a basement, four of which are finished with either a recreation room or an apartment. One comparable has central air conditioning and four dwellings have from a 1-car to a 2.5-car garage. The comparables have improvement assessments ranging from \$36,123 to \$53,000 or from \$16.80 to \$26.55 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$46,006 or \$22.29 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$70,000. The subject property has an improvement assessment of \$61,360 or \$29.73 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with 1.5-story or 2-story dwelling of class 2-03 or class 2-05 that have frame or masonry exterior construction and range in size from 1,702 to 2,170 square feet of living area. The homes range in age from 105 to 115 years old. Each comparable has a basement, with one having a finished recreation room. Each property has from a 1-car to a 2.5-car garage. The comparables have improvement assessments ranging from \$55,431 to \$75,360 or from \$30.39 to \$37.60 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables along with board of review comparable #3 which differ from the subject in age, classification and/or finished basement. The Board finds the best evidence of assessment equity to be board of review comparables #1, #2 and #4 which are more similar to the subject in location, age, design, unfinished basement and dwelling size. However, these comparables each have a garage amenity unlike the subject, suggesting a downward adjustment for this difference is needed to make these properties more equivalent to the subject. These best comparables have improvement assessments ranging from \$55,431 to \$75,360 or from \$30.39 to \$37.22 per square foot of living area. The subject's improvement assessment of \$61,360 or \$29.73 per square foot of living area falls within the range established by the best comparables in this record on an overall improvement basis and below the range on a per square foot basis. After considering adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
