

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Keith Gentzen
DOCKET NO.: 21-50339.001-R-1
PARCEL NO.: 09-36-314-007-0000

The parties of record before the Property Tax Appeal Board are Keith Gentzen, the appellant, by attorney Abby L. Strauss, of Schiller Law P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$11,160
IMPR.: \$31,840
TOTAL: \$43,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of frame exterior construction with 1,144 square feet of living area. The dwelling is approximately 98 years old. Features of the home include an unfinished basement, one full bathroom, central air conditioning and a 2.5-car garage. The property has an approximately 5,580 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on nine equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with class 2-03 dwellings of frame exterior construction ranging in size from 1,032 to 1,387 square feet of living area. The homes range in age from 66 to 112 years

old. Eight comparables have a basement and one comparable has a crawl space foundation. The appellant did not disclose if the comparable basements are finished or unfinished. Each comparable has one or two full bathrooms. Three comparables have central air conditioning, one home has a fireplace and five dwellings have from a 1-car to a 2-car garage. The comparables have improvement assessments ranging from \$19,065 to \$25,750 or from \$17.05 to \$18.91 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$20,844 or \$18.22 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$43,000. The subject property has an improvement assessment of \$31,840 or \$27.83 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on three equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with 1-story class 2-03 dwellings of frame exterior construction ranging in size from 1,065 to 1,170 square feet of living area. The homes range in age from 94 to 123 years old. Each comparable has a basement, with one having finished area. Each home has either one or two full bathrooms and two dwellings also have a half bathroom. Two dwellings have central air conditioning, one home has a fireplace and each comparable has a 2-car or a 2.5-car garage. The comparables have improvement assessments ranging from \$30,000 to \$35,328 or from \$28.17 to \$30.88 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

In rebuttal the appellant critiqued board of review's comparable #3 arguing the dwelling is 123 years old compared to the subject's age of 98 years old.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted 12 equity comparables for the Board's consideration. The Board gives less weight to appellant comparables #2 through #8 along with board of review comparables #1 and #3 which differ from the subject in age, finished basement, foundation type, lack a garage and/or have one additional full bathroom when compared to the subject.

The Board finds the best evidence of assessment equity to be appellant comparables #1 and #9 as well as board of review comparable #2 which are more similar to the subject in location, age, design, dwelling size and most features. Although, these properties present varying degrees of similarity to the subject in garage capacity, half bathroom amenity and central air conditioning, suggesting adjustments are needed to make these properties more equivalent to the subject. These comparables have improvement assessments ranging from \$20,600 to \$30,000 or from

\$17.05 to \$28.17 per square foot of living area. The subject's improvement assessment of \$31,840 or \$27.83 per square foot of living area falls just above the range established by the best comparables in this record on an overall improvement assessment basis and within the range on a per square foot basis. After considering appropriate adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
