

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: First Key Homes, LLC
DOCKET NO.: 21-50407.001-R-1
PARCEL NO.: 25-18-212-017-0000

The parties of record before the Property Tax Appeal Board are First Key Homes, LLC, the appellant, by attorney Abby L. Strauss, of Schiller Law P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$2,925
IMPR.: \$20,075
TOTAL: \$23,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.5-story dwelling of masonry exterior construction with 1,720 square feet of living area. The dwelling is approximately 106 years old. Features of the home include an unfinished full basement, central air conditioning, 2.5 bathrooms and a 2.5-car garage. The property has a 2,925 square foot site and is located in Chicago, Lake Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the subject's improvement as the basis of the appeal. In support of this argument the appellant submitted information on six comparable properties that are located within the same neighborhood code as the subject. The comparables are improved with class 2-03 dwellings of masonry exterior construction ranging in size from 1,729 to 1,784 square feet of living area. The dwellings range in age from 36 to 102

years old. Four comparables have full basements, one comparable has a crawl-space foundation and one comparable has a slab foundation. The appellant did not disclose whether the comparables with basements were unfinished or had finished basement area. Each comparable has either 1 or 2 bathrooms. Three comparables have central air conditioning, two comparables each have a fireplace and five comparables have either a 1-car or a 3-car garage. The comparables have improvement assessments ranging in size from \$11,250 to \$16,640 or from \$6.31 to \$9.58 per square foot of living area. Based on this evidence the appellant requested that the subject's improvement assessment be reduced to \$13,984 or \$8.13 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$23,000. The subject property has an improvement assessment of \$20,075 or \$11.67 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four comparable properties that are located within the same neighborhood code as the subject. The comparables are improved with class 2-03 dwellings of stucco or masonry exterior construction ranging in size from 1,136 to 1,366 square feet of living area. The dwellings range in age from 86 to 99 years old. The comparables have full basements, three of which have finished area, 1 or 1.5 bathrooms, and a 1-car or a 2.5-car garage. One comparable has a fireplace. The comparables have improvement assessments ranging from \$17,939 to \$19,150 or from \$13.73 to \$15.98 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

The appellant submitted rebuttal arguing the board of review's comparable #4 had stucco exterior construction, unlike the subject's masonry exterior construction.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of 10 comparable properties for the Board's consideration, none of which are particularly similar to the subject. The Board finds each of the parties' comparables are similar to the subject in location, building classification, and some features. However, each of the parties' comparables has a lower bathroom count and seven of the parties' comparables lack central air conditioning when compared to the subject. In addition, two lack a basement foundation, one lacks a garage, and two have considerably smaller dwellings when compared to the subject. Nevertheless, the parties' comparables had improvement assessments that ranged from \$11,250 to \$19,150 or from \$6.31 to \$15.98 per square foot of living area. The subject's improvement assessment of \$20,075 or \$11.67 per square foot of living area falls slightly above

the range established by the comparables in this record on a total improvement assessment basis but within the range on a per square foot basis. However, after considering adjustments to the comparables for differences when compared to the subject, the Board finds the subject's slightly higher total improvement assessment is justified. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
