

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ruben Flores
DOCKET NO.: 21-50507.001-R-1
PARCEL NO.: 13-17-205-010-0000

The parties of record before the Property Tax Appeal Board are Ruben Flores, the appellant, by attorney Abby L. Strauss of Schiller Law P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$8,750
IMPR.: \$21,335
TOTAL: \$30,085

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story multi-family dwelling of frame exterior construction with 1,910 square feet of living area. The dwelling is approximately 97 years old. Features of the home include a full basement with finished area¹ and a 2.5-car garage. The property has a 3,125 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on eight equity comparables that have the same assessment neighborhood code as the subject. The comparables are class 2-11 properties that are

improved with multi-family dwellings of frame exterior construction ranging in size from 1,807 to 2,244 square feet of living area. The dwellings are from 99 to 129 years old. The comparables each have a basement. No data was provided by the appellant concerning finished basement area. Two comparables have central air conditioning and five comparables each have either a 1-car or a 2-car garage. The comparables have improvement assessments that range from \$8,506 to \$20,500 or from \$4.71 to \$9.71 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$14,000 or \$7.33 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$30,085. The subject property has an improvement assessment of \$21,335 or \$11.17 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables that have the same assessment neighborhood code as the subject and are located within the same block or approximately .25 of a mile from the subject property, where two of the comparables are also on the same street as the subject. The comparables are class 2-11 properties that are improved with two-story multi-family dwellings of frame exterior construction ranging in size from 1,848 to 1,910 square feet of living area. The dwellings are from 95 to 98 years old. The comparables each have a full basement, one of which has finished area. Each comparable has either a 1.5-car or a 2-car garage. The comparables have improvement assessments that range from \$24,327 to \$28,500 or from \$13.10 to \$15.42 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted twelve comparable properties for the Board's consideration. The Board has given less weight to the appellant's comparables #1 through #7 which are less similar to the subject dwelling in age than other comparables in the record and/or they lack a garage, a feature of the subject. Additionally, the appellant's comparables #3 and #6 have central air conditioning and/or a larger dwelling size, when compared to the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparable #8 and the four comparables submitted by the board of review, which are overall most similar to the subject in location, dwelling size, age and most features. The comparables have improvement assessments ranging from \$20,500 to \$28,500 or from \$9.71 to \$15.42 per square foot of living area. The subject's improvement assessment of \$21,335 or \$11.17 per square foot of living area

falls within the range established by the best comparables in the record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
