

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ira Hochberg  
DOCKET NO.: 21-50569.001-R-1  
PARCEL NO.: 14-32-407-025-0000

The parties of record before the Property Tax Appeal Board are Ira Hochberg, the appellant, by attorney Abby L. Strauss, of Schiller Law P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$37,500  
**IMPR.:** \$57,947  
**TOTAL:** \$95,447

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property is improved with a 3-story multi-family building of masonry exterior construction with 2,646 square feet of building area. The building is approximately 123 years old. Features of the building include a full unfinished basement and a 2-car garage. The property has a 3,000 square foot site and is located in Chicago, North Chicago Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on nine comparables with the same assessment neighborhood code as the subject. The comparables consist of class 2-11 buildings of masonry exterior construction ranging in size from 2,558 to 3,022 square feet of building area. The buildings are 103 to 144 years old. Five comparables have full basements,

and four comparables have concrete slab foundations. No data was provided regarding the buildings story height or whether the basements have finished area. Four comparables each have central air conditioning, five comparables each have from 1 to 3 fireplaces, and two comparables have either a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$40,351 to \$61,563 or from \$15.77 to \$21.76 per square foot of building area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$51,332 or \$19.40 per square foot of building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$95,447. The subject property has an improvement assessment of \$57,947 or \$21.90 per square foot of building area. In support of its contention of the correct assessment the board of review submitted information on four comparables with the same assessment neighborhood code as the subject. The comparables consist of class 2-11 2-story buildings of masonry exterior construction ranging in size from 2,562 to 3,063 square feet of building area. The buildings are 119 to 143 years old. The comparables have full basements, three of which have an apartment. One comparable has central air conditioning and a fireplace. Two comparables have either a 1.5-car or a 2-car garage. The comparables have improvement assessments ranging from \$59,567 to \$136,363 or from \$23.25 to \$46.38 per square foot of building area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill. Admin. Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill. Admin. Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted thirteen equity comparables for the Board's consideration. The Board has given less weight to the appellant's comparables #3 through #9 and the board of review comparables #3 and #4 due to differences in their ages, building sizes, foundation types and/or presence of central air conditioning when compared to the subject. The Board gave less weight to the board of review #1 which is an outlier with its considerably higher improvement assessment relative to the other comparables in the record.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables. These comparables are relatively similar to the subject in location, age, building size, and foundation type, except each comparable lacks a garage, unlike the subject. These three comparables have improvement assessments that range from \$40,351 to \$75,847 or from \$15.77 to \$26.52 per square foot of building area. The subject's improvement assessment of \$57,947 or \$21.90 per square foot of building area falls within the range established by the best comparables in the record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and

convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
