

FINAL ADMINISTRATIVE DECISION ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Jeffrey Boyle
DOCKET NO.: 21-51033.001-R-1
PARCEL NO.: 09-36-104-047-0000

The parties of record before the Property Tax Appeal Board are Jeffrey Boyle, the appellant, by attorney Noah J. Schmidt, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds *No Change* in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$11,880 **IMPR.:** \$43,120 **TOTAL:** \$55,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame exterior construction with 2,711 square feet of living area. The dwelling is approximately 62 years old. Features of the home include a concrete slab foundation, central air conditioning, and a 2-car garage. The property has a 5,940 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity regarding the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables presented in two grid analyses and renumbered as comparables #1 through #5. The comparables are located within the same assessment neighborhood code as the subject and are

improved with 2-story, class 2-06 or 2-78 homes¹ of frame or masonry exterior construction ranging in size from 2,218 to 3,241 square feet of living area. The dwellings range in age from new construction to 33 years old. Four homes each have a basement with finished area and one home has an "unknown" foundation. Each home has central air conditioning. Four homes have one or two fireplaces and three homes each have a 2-car or a 2.5-car garage. The comparables have improvement assessments ranging from \$15,087 to \$37,500 or from \$6.80 to \$11.57 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's improvement assessment to \$28,302.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$55,000. The subject property has an improvement assessment of \$43,120 or \$15.91 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 2-story, class 2-06 homes of frame or frame and masonry exterior construction ranging in size from 2,631 to 2,733 square feet of living area. The dwellings range in age from 93 to 97 years old. Three homes each have a basement and one home has a concrete slab foundation. Each home has central air conditioning and from a 2-car to a 3-car garage. Three homes each have a fireplace. The comparables have improvement assessments ranging from \$42,800 to \$50,028 or from \$15.83 to \$18.31 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be sustained.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Adm.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Adm.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables which each have finished basement area or an "unknown" foundation type compared to the subject's concrete slab foundation. Moreover, these comparables are less similar to the subject in dwelling size than the comparables presented by the board of review.

The Board finds the best evidence of assessment equity to be the board of review's comparables, which are similar to the subject in dwelling size, location, and some features, although these comparables are significantly older homes than the subject and three comparables each have a basement unlike the subject, suggesting adjustments to these comparables would be needed to make them more equivalent to the subject. These comparables have improvement assessments

¹ The appellant submitted assessor's printouts for comparables #1 through #4 which contradict the information in the grid analysis. The Board finds the best evidence of these comparables is found in the assessor's printouts.

that range from \$42,800 to \$50,028 or from \$15.83 to \$18.31per square foot of living area. The subject's improvement assessment of \$43,120 or \$15.91 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.

IMPORTANT NOTICE

Section 16-185 of the Property Tax Code provides in part:

"If the Property Tax Appeal Board renders a decision lowering the assessment of a particular parcel after the deadline for filing complaints with the Board of Review or after adjournment of the session of the Board of Review at which assessments for the subsequent year or years of the same general assessment period, as provided in Sections 9-125 through 9-225, are being considered, the taxpayer may, within 30 days after the date of written notice of the Property Tax Appeal Board's decision, appeal the assessment for such subsequent year or years directly to the Property Tax Appeal Board."

In order to comply with the above provision, YOU MUST FILE A <u>PETITION AND EVIDENCE</u> WITH THE PROPERTY TAX APPEAL BOARD WITHIN 30 DAYS OF THE DATE OF THE ENCLOSED DECISION IN ORDER TO APPEAL THE ASSESSMENT OF THE PROPERTY FOR THE SUBSEQUENT YEAR OR YEARS. A separate petition and evidence must be filed for each of the remaining years of the general assessment period.

Based upon the issuance of a lowered assessment by the Property Tax Appeal Board, the refund of paid property taxes is the responsibility of your County Treasurer. Please contact that office with any questions you may have regarding the refund of paid property taxes.
