

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Teresita Estrera  
DOCKET NO.: 21-51043.001-R-1  
PARCEL NO.: 13-03-326-021-0000

The parties of record before the Property Tax Appeal Board are Teresita Estrera, the appellant, by Noah J. Schmidt, attorney-at-law of Schmidt Salzman & Moran, Ltd. in Chicago, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$10,062  
**IMPR.:** \$33,937  
**TOTAL:** \$43,999

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property is improved with a two-story dwelling of masonry construction containing 1,415 square feet of living area. The dwelling is approximately 79 years old. Features of the property include a full unfinished basement, central air conditioning, one fireplace, one bathroom, and a one-car garage. The property has a 4,025 square foot site located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-05 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends inequity with respect to the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables composed of class 2-05 properties improved with two-story dwellings of masonry or frame and masonry construction that range in size from 1,252 to 1,979 square feet of living area. The homes range in age from 77 to 98 years old. Each comparable has a full basement

with a recreation room, one fireplace, 1½ or 2 bathrooms, and from a 1-car to a 2.5-car garage.<sup>1</sup> Three comparables have central air conditioning. These properties have the same assessment neighborhood code as the subject property. Their improvement assessments range from \$18,524 to \$27,950 or from \$11.72 to \$14.96 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$19,979.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$43,999. The subject property has an improvement assessment of \$33,937 or \$23.98 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables improved with two-story dwellings of masonry construction that range in size from 1,456 to 1,476 square feet of living area. The homes range in age from 71 to 83 years old. Each comparable has a full basement with two having finished area, from 1 to 2 bathrooms, and either a 1-car or a 2-car garage. Three comparables have central air conditioning and two comparables have one fireplace. The comparables have the same classification code and neighborhood code as the subject property and are described as being located within the same block or ¼ of a mile from the subject property. These properties have improvement assessments ranging from \$34,937 to \$40,250 or from \$24.00 to \$27.27 per square foot of living area. The board of review contends the building assessed value per square foot for the comparables are equal to or higher than the subject, which supports the assessed value as equitable.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of assessment equity to be the board of review comparables which are more similar to the subject dwelling in size than are the comparables submitted by the appellant. The board of review comparables have varying degrees of similarity to the subject in features that would require adjustments to make them more equivalent to the subject property. Nevertheless, the board of review comparables have improvement assessments that range from \$34,937 to \$40,250 or from \$24.00 to \$27.27 per square foot of living area. The subject's improvement assessment of \$33,937 or \$23.98 per square foot of living area falls below the range established by the best comparables in this record, which is appropriate after considering the varying differences in features and demonstrate the subject is being equitably assessed. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

---

<sup>1</sup> The appellant submitted copies of the Cook County Assessor property characteristic sheets for the comparables from which additional descriptive information was obtained.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
