

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Edward Pillar
DOCKET NO.: 21-51102.001-R-1
PARCEL NO.: 13-03-400-024-0000

The parties of record before the Property Tax Appeal Board are Edward Pillar, the appellant, by attorney Ciarra J. Schmidt, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$12,400
IMPR.: \$59,600
TOTAL: \$72,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of masonry exterior construction with 2,554 square feet of living area. The dwelling is approximately 14 years old. Features of the home include a basement with finished area, central air conditioning, two fireplaces, and a 2-car garage. The property has a square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity regarding the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 2-story, class 2-78 homes ranging in size from 2,220 to 2,899 square feet of living area. The dwellings range in age from 26 to 59 years old and have varying

degrees of similarity to the subject in other features. The comparables have improvement assessments ranging from \$38,900 to \$51,600 or from \$14.83 to \$19.34 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's improvement assessment to \$42,575.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$72,000. The subject property has an improvement assessment of \$59,600 or \$23.34 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located on the same block or within 0.25 of a mile from the subject, one of which is within the same assessment neighborhood code as the subject. The comparables are improved with 2-story, class 2-78 homes ranging in size from 2,449 to 2,730 square feet of living area. The dwellings range in age from 4 to 13 years old and are similar to the subject in most other features. The comparables have improvement assessments ranging from \$59,000 to \$65,001 or from \$21.61 to \$26.34 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables, due to significant differences from the subject in age.

The Board finds the best evidence of assessment equity to be the board of review's comparables, which are more similar to the subject in dwelling size, age, location, and features. These comparables have improvement assessments that range from \$59,000 to \$65,001 or from \$21.61 to \$26.34 per square foot of living area. The subject's improvement assessment of \$59,600 or \$23.34 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
