

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Steve Stavrinou
DOCKET NO.: 21-51571.001-R-1
PARCEL NO.: 12-01-209-005-0000

The parties of record before the Property Tax Appeal Board are Steve Stavrinou, the appellant(s), by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$6,450
IMPR.: \$23,415
TOTAL: \$29,865

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a single-family, one-story dwelling of masonry construction containing 1,060 square feet of living area. As of the instant lien date the subject was approximately 53 years old. Features of the home include a full unfinished basement, no air conditioning, and a one-car garage. The subject has a 3,225 square foot site and is in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

Appellant's appeal is based on overvaluation, and Appellant submitted information on four suggested sales comparables. There are all masonry construction. One lacks air conditioning. As of the lien date, Appellant's comparables ages range from 68 to 75 years old. Appellant's comparables range in size from 1,002 square feet to 1,351 square feet of living area. The comparables have sites ranging in size from 3,750 to 5,175 square feet of land area. The comparables sold between March

23, 20221 and December 18, 2021 for prices ranging from \$255,000 to \$306,000 or from \$199.84 to \$269.46 per square foot of living area, including land. Each comparable has the same neighborhood code as the subject property, with no further evidence of proximity to the subject provided.

The Cook County Board of Review (BOR) submitted its "Board of Review Notes on Appeal." The subject's assessment is \$29,865 which reflects a market value of \$298,650 using the Cook County Real Estate Classification Ordinance level of assessment for class 2 property of 10%.

The BOR submitted four sales comparables in support of its final assessment. The properties are described as one-story dwellings, all located within a quarter mile of the subject. All four BOR comparables share the same neighborhood code as the subject. All are masonry construction. Two lack air conditioning. As of the lien date the BOR comparables range from 60 to 68 years old. The comparables range from 1,000 to 1,144 square feet of building area. The comparables have sites ranging in size from 3,350 to 4,111 square feet of land area. The comparables sold between January 29, 2019 and October 26, 2020 for prices ranging between \$304,900 and \$350,000 or between \$266.52 to \$343.14 per square foot of living area, including land.

Conclusion of Law

Appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. National City Bank of Michigan/Illinois v. Illinois Property Tax Appeal Board, 331 Ill.App.3d 1038 (3rd Dist. 2002); 86 Ill. Admin. Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill. Admin. Code §1910.65(c). The Board finds the appellant did **not** meet this burden of proof and a reduction in the subject's assessment is **not** warranted.

The Board finds Appellant comparable 1 and BOR comparables 3 and 4 are most similar to the subject in location, size, style, exterior construction, features, age and land area. These properties also sold most proximate in time to the assessment date at issue. Due to the similarities to the subject, these comparables received the most weight in the Board's analysis. The comparables sold for prices ranging from \$270,000 to \$350,000 or from \$269.46 to \$343.14 per square foot of living area, including land. The subject's assessment reflects a market value of \$281.75 per square foot of living area, including land, which is within the range established by the best comparable sales in this record. Based on this record the Board finds the appellant did **not** demonstrate by a preponderance of the evidence that the subject was overvalued, and a reduction in the subject's assessment is **not** justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
