

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Peter D'Agostino
DOCKET NO.: 21-51624.001-R-1
PARCEL NO.: 13-28-124-019-0000

The parties of record before the Property Tax Appeal Board are Peter D'Agostino, the appellant(s), by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$5,674
IMPR.: \$21,975
TOTAL: \$27,649

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 3,780 square foot parcel of land improved with a 70-year-old, one and one-half story, masonry, single-family dwelling containing 1,498 square feet of building area. Features of the home include a full basement, air conditioning, and a two-car garage. The property is located in Chicago, Jefferson Township, Cook County and is classified as a class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation and inequity as the bases of the appeal. In support of the market value argument, the appellant submitted data on four sales comparables. These comparables are described as one or one and one-half story, masonry or frame and masonry, single-family dwellings located. They range in age from 94 to 97 years and contain from 1,175 to 1,793 square feet of building area. They sold from May 2019 to September 2021 for prices ranging from \$119.15 to \$171.18 per square foot of building area.

In support of the equity argument, the appellant submitted eight suggested comparables. The comparables are described as one-story, masonry, single-family dwellings located within a quarter mile of the subject. They range: in age from 94 to 97 years; in size from 1,158 to 1,793 square feet of building area; and in improvement assessment from \$9.57 to \$13.67 per square foot of building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the subject's assessment of \$27,649 with an improvement assessment of \$21,976 or \$14.67 per square foot of building area. The total assessment reflects a market value of \$276,490 or \$184.57 per square foot of building area using the Cook County Real Estate Classification Ordinance level of assessment for class 2 property of 10%.

In support of the current assessment, the board of review submitted data on four sales comparables. These comparables are described as one or one and one-half story, frame or masonry, single-family dwellings located within a quarter mile of the subject. They range: in age from 73 to 94 years; in size from 1,197 to 1,710 square feet of building area; and in improvement assessment from \$13.68 to 16.02 per square foot of building area. They sold from August 2020 to December 2021 for prices ranging from \$189.39 to \$375.94 per square foot of building area.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c).

The Board finds the best evidence of market value to be the appellant's comparable #1 and the board of review's comparables. While all the comparables are similar in construction, size, age, and amenities, these comparables sold closest in time to the lien date, and therefore will receive the most weight. These comparables sold from August 2020 to December 2021 for prices ranging from \$170.11 to \$375.94 per square foot of building area. In comparison, the subject's assessment reflects a market value of \$184.57 per square foot of building area which is within the range of these comparables. Therefore, the Board finds the appellant has not proven by a preponderance of the evidence that the subject was overvalued, and a reduction is not justified.

The taxpayer also contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b).

The Board finds the best evidence of assessment equity to be the appellant's comparables #7 and the board of review's comparables #2 and #3. These comparables had improvement assessments ranging of \$12.09 to \$16.02 per square feet of building area. These comparables are receiving the most weight because they are the closest in size. In comparison the subject's improvement assessment of \$14.67 per square foot of building is within the range of the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's improvements is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
