

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jerzy Olechno
DOCKET NO.: 21-51687.001-R-1
PARCEL NO.: 13-19-107-054-0000

The parties of record before the Property Tax Appeal Board are Jerzy Olechno, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$12,152
IMPR.: \$9,868
TOTAL: \$22,020

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of masonry exterior construction with 1,045 square feet of living area. The home is approximately 95 years old. Features include a full basement, central air conditioning, and a 2-car garage. The property has a 4,340 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on four comparable sales located within the subject's assessment neighborhood. The comparables have sites that range in size from 3,695 to 4,851 square feet of land area. The comparables are improved with class 2-03 dwellings of wood, masonry, or wood and masonry exterior construction ranging in size from 1,068 to 1,152 square feet of living area. The homes range in age from 56 to 99 years old. Each comparable has a full

basement and a 1.5-car or a 2-car garage. Two comparables each have central air conditioning. The comparable properties sold from August 2019 to March 2021 for prices ranging from \$178,600 to \$322,500 or from \$167.23 to \$238.63 per square foot of living area, land included. The appellant's evidence also included copies of the deeds and real estate transfer tax receipts associated with these comparable sales. Based on this evidence, the appellant requested that the subject's total assessment be reduced to \$22,020 which would reflect a total market value of \$220,200 or \$210.72 per square foot of living area, land included, after applying the level of assessment for class 2 property of 10% under the Cook County Real Property Assessment Classification Ordinance.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$30,000. The subject's assessment reflects a market value of \$300,000 or \$287.08 per square foot of living area, land included, after applying the level of assessment for class 2 property of 10% under the Cook County Real Property Assessment Classification Ordinance.

In support of its contention of the correct assessment, the board of review submitted information on three comparable sales within the subject's assessment neighborhood. The comparables have sites with either 3,695 or 3,720 square feet of land area. The comparables are improved with 1-story, class 2-03 dwellings of masonry exterior construction ranging in size from 1,070 to 1,197 square feet of living area. The homes range in age from 68 to 96 years old. Each comparable has a full basement, one of which has finished area, and a 2-car garage. One comparable has central air conditioning. The comparable properties sold from February 2019 to July 2021 for prices ranging from \$258,000 to \$468,000 or from \$215.54 to \$417.11 per square foot of living area, land included.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted seven comparable sales for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #2, and #4, as well as board of review comparables #1 and #3, which are substantially newer homes than the subject and/or sold in 2019, less proximate to the January 1, 2021 assessment date under appeal than other comparables in this record. Further, board of review comparable #1 has finished area, which the subject lacks.

The Board finds the best evidence of market value to be the appellant's comparable sale #3 and board of review comparable sale #2. These two comparables sold proximate to the subject's January 1, 2021 lien date and are overall most similar to the subject in classification, age, and dwelling size with varying degrees of similarity in over features. These two properties sold for prices of \$178,600 and \$258,000 or \$167.23 and \$215.54 per square foot of living area, land included, respectively. The subject's assessment reflects a market value of \$300,000 or \$287.08

per square foot of living area, land included, which falls above the two best comparables sales in this record and appears to be excessive. Based on the evidence in this record and after considering adjustments to the two best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment based on overvaluation, commensurate with the appellant's request, is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
