

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Oscar Munoz  
DOCKET NO.: 21-51912.001-R-1  
PARCEL NO.: 20-06-424-001-0000

The parties of record before the Property Tax Appeal Board are Oscar Munoz, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$2,814  
**IMPR.:** \$18,756  
**TOTAL:** \$21,570

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story multi-family building of masonry exterior construction with 3,808 square feet of building area.<sup>1</sup> The building is 113 years old and has an unfinished full basement. The property has a 3,518 square foot site and is located in Chicago, Lake Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the subject's improvement as the basis of the appeal. In support of this argument the appellant submitted information on nine comparable properties located within the same neighborhood code as the subject. The

<sup>1</sup> The board of review reports the subject property contains two, class 2-11 buildings with a combined 6,238 square feet of building area, which was not refuted by the appellant in rebuttal and is supported by the photographic evidence submitted by both parties.

comparables are improved with class 2-11 buildings of wood or wood and masonry exterior construction ranging in size from 3,040 to 4,266 square feet of building area. The buildings range in age from 104 to 129 years old. Three comparables have unfinished full or partial basements, two comparables have crawl-space foundations, and four comparables have slab foundations. Four comparables either a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$2,540 to \$16,942 or from \$.66 to \$4.13 per square foot of building area.

Based on this evidence the appellant requested that the subject's improvement assessment be reduced to \$4,987 or \$1.31 per square foot of building area.

The appellant also submitted a copy of the Cook County Board of Review final decision disclosing the subject has a total assessment of \$21,570. The appellant's evidence reflects an improvement assessment of \$18,756 or \$4.93 per square foot of building area.

The board of review submitted its "Board of Review Notes on Appeal" for Property Identification Number (PIN) 20-06-423-018-0000. The board of review included an aerial photograph highlighting the subject PIN 20-06-424-001-0000, which depicts two separate buildings.

In support of its contention of the correct assessment the board of review submitted information on four comparable properties that are located within the same neighborhood code as the subject. The comparables are improved with class 2-11 buildings of frame or masonry exterior construction ranging in size from 3,832 to 4,560 square feet of building area. The buildings range in age from 113 to 130 years. Three comparables have full or partial basements, one of which has finished area, and one comparable has a slab foundation. Two comparables each have a 2-car garage. The comparables have improvement assessments ranging from \$12,619 to \$13,600 or from \$2.98 to \$3.29 per square foot of building area.

Based on this evidence the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be appellant's comparable #5, as well as the board of review's comparables #3 and #4. These comparables have varying degrees of similarity to the subject. However, each of the best comparables lack a second, class 2-11 building as argued by the board of review, which was not addressed or refuted by the appellant. Nevertheless, the best comparables had improvement assessments ranging from \$3,500 to

\$13,520 or from \$.95 to \$3.29 per square foot of building area. The subject's improvement assessment of \$18,756 or \$4.93 per square foot of building area falls above the improvement assessments of the best comparables in this record. However, after considering adjustments to the best comparables for differences when compared to the subject, such as their lack of a second building, the Board finds the subjects higher improvement assessment is justified. The Board gave less weight to the parties' remaining comparables, due to their lack of a basement foundation and/or their differences in building size when compared to the subject. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
