

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Rafael Ruiz
DOCKET NO.: 21-51924.001-R-1
PARCEL NO.: 19-15-319-036-0000

The parties of record before the Property Tax Appeal Board are Rafael Ruiz, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,780
IMPR.: \$28,220
TOTAL: \$32,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story multi-family building of masonry exterior construction with 2,474 square feet of building area. The building is 63 years old. Features include a basement, that has finished area, and a 2-car garage. The property has a 3,780 square foot site and is located in Chicago, Lake Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the subject's improvement as the basis of the appeal. In support of this argument the appellant submitted information on seven comparable properties located within the same neighborhood code as the subject. The comparables are improved with 2-story, class 2-11 buildings of masonry or wood and masonry exterior construction ranging in size from 2,462 to 2,572 square feet of building area. The buildings range in age from 49 to 70 years old. Six comparables have full or partial basements,

two of which have finished area, and one comparable has a slab foundation. Each comparable has either a 1.5-car or a 2-car garage. The comparables have improvement assessments ranging from \$26,220 to \$28,220 or from \$10.44 to \$11.06 per square foot of building area. Based on this evidence the appellant requested that the subject's improvement assessment be reduced to \$26,775 or \$10.82 per square foot of building area.

The board of review submitted its "Board of Review Notes on Appeal." The subject has a total assessment of \$32,000. The subject property has an improvement assessment of \$28,220 or \$11.41 per square foot of building area.

In support of its contention of the correct assessment the board of review submitted information on four comparable properties that are located within the same neighborhood code as the subject. The comparables are improved with 2-story, class 2-11 buildings of masonry exterior construction ranging in size from 2,448 to 2,554 square feet of building area. The buildings are either 48 or 56 years old and have full basements, two of which have finished area. Three comparables each have a 2-car garage. The comparables have improvement assessments ranging from \$31,220 to \$32,220 or from \$12.46 to \$13.16 per square foot of building area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1, #2, #3, #4, #5 and #7, as well as the board of review's comparables #1, #3 and #4. These comparables are similar to the subject in location, building classification, size and most features. The best comparables had improvement assessments that ranged from \$26,220 to \$32,220 or from \$10.44 to \$13.16 per square foot of building area. The subject's improvement assessment of \$28,220 or \$11.41 per square foot of building area falls within the range established by the best comparables in this record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the subject's improvement assessment is supported. The Board gave less weight to the parties' remaining comparables, due to their lack of a basement foundation or a garage when compared to the subject. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
