

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Rafael Ruiz
DOCKET NO.: 21-51934.001-R-1
PARCEL NO.: 19-15-312-036-0000

The parties of record before the Property Tax Appeal Board are Rafael Ruiz, the appellant(s), by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,780
IMPR.: \$15,455
TOTAL: \$19,235

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of an approximately 66-year-old 1.5-story dwelling of masonry construction with 1,272 square feet of living area. Features of the home include a full basement and a two-car garage. The property has a 3,780 square foot site located in Chicago, Lake Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four sales comparable properties with varying degrees of similarity to the subject. The appellant reported that the suggested comparable properties were located within a 2.1-mile radius of the subject. The suggested comparable properties were all class 2-03 properties, range in age from 67 to 77 years and are dwellings of masonry construction. The comparable properties ranged: in price between \$151,000 to \$186,900; in

living area square footage between 1,224 to 1,320; and in sale price per square foot between \$120.03 to \$144.98, including land. Based on this evidence, the appellant requested a reduction in the subject's total assessment to \$17,502.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$19,235. The subject's assessment reflects a market value of \$192,350 or \$151.22 per square foot of living area, including land, when applying the Cook County Real Property Assessment Classification Ordinance of 10% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on three sales comparable properties with varying degrees of similarities to the subject. The board of review's suggested comparable properties are located within the same subarea as the subject. All the comparable properties are described as 1.5-story dwellings of masonry construction. They range in age from 70 to 72 years and ranged in size from 1,457 to 1,483 square feet of living area. They sold from January 2021 to October 2021 for prices ranging from \$275,000 to \$310,000 or \$185.43 to \$209.46 per square foot of living area, including land. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer asserts that the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal, the taxpayer must prove the value of the property by a preponderance of the evidence. 86 Ill. Admin. Code §1910.63(e); Winnebago County Bd. of Review v. Property Tax Appeal Bd., 313 Ill. App. 3d 1038, 1043 (2d Dist. 2000). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill. Admin. Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment on this basis is not warranted.

The Board concludes that the best evidence of the subject's market value is the board of review's suggested comparables #1 and #3 and the appellant's suggested comparables #2, #3, and #4. The comparables are similar in location, construction, size and amenities.

The Board finds that the best evidence in this record are the comparables sold between July 2019 and October 2021, for amounts ranging from \$176,000 to \$310,000 or \$141.59 to \$195.61 per square foot of living area, land included in the sale price. The subject property's assessment reflects a market value of \$192,350, land included, or \$151.22 per square foot of living area, which is within the range established by the best comparables in the record. Accordingly, the Board determines that the appellant has not established by a preponderance of the evidence that the subject property was overvalued. Based on the evidence, the Board therefore finds that a reduction in the subject's assessment on this basis is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
