

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Darius Palaszynski  
DOCKET NO.: 21-51937.001-R-1  
PARCEL NO.: 20-17-119-002-0000

The parties of record before the Property Tax Appeal Board are Darius Palaszynski, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$2,031  
**IMPR.:** \$3,010  
**TOTAL:** \$5,041

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 1-story dwelling of masonry exterior construction with 792 square feet of living area. The dwelling is 126 years old. Features of the home include an unfinished full basement, central air conditioning, a fireplace and a 1.5-car garage. The property has a 3,125 square foot site and is located in Chicago, Lake Township, Cook County. The subject is classified as a class 2-02 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the subject's improvement as the basis of the appeal. In support of this argument the appellant submitted information on five comparable properties that are located within the same neighborhood code as the subject. The comparables are improved with 1-story dwellings of wood exterior construction with either 798 or 810 square feet of living area. The dwellings range in age from 115 to 124 years old. Four

comparables have unfinished full basements, and one comparable has a slab foundation. Three comparables have either a 1.5-car or a 2-car garage. The comparables have improvement assessments ranging from \$1,024 to \$1,469 or from \$1.28 to \$1.84 per square foot of living area.

Based on this evidence the appellant requested that the subject's improvement assessment be reduced to \$1,316 or \$1.66 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal." The subject has a total assessment of \$5,041. The subject property has an improvement assessment of \$3,010 or \$3.80 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on three comparable properties that are located within the same neighborhood code as the subject. The comparables are improved with 1-story dwellings of masonry or frame and masonry exterior construction ranging in size from 828 to 998 square feet of living area. The dwellings are either 118 or 128 years old. The comparables have full or partial basements, one of which has finished area, and either a 1.5-car or a 2-car garage. One comparable has central air conditioning. The comparables have improvement assessments ranging from \$4,468 to \$5,468 or from \$5.16 to \$5.48 per square foot of living area.

Based on this evidence the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be appellant's comparables #2, #4 and #5, as well as the board of review's comparables. These comparables have varying degrees of similarity to the subject. These comparables had improvement assessments that ranged from \$1,024 to \$5,468 or from \$1.28 to \$5.48 per square foot of living area. The subject's improvement assessment of \$3,010 or \$3.80 per square foot of living area falls within the range established by the best comparables in this record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the subject's improvement assessment is supported. The Board gave less weight to the appellant's remaining comparable, due to their lack of a basement foundation and/or their lack of a garage when compared to the subject. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
