

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Gregorios Tsonis
DOCKET NO.: 21-52160.001-R-1
PARCEL NO.: 13-06-226-006-0000

The parties of record before the Property Tax Appeal Board are Gregorios Tsonis, the appellant(s), by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$20,625
IMPR.: \$16,772
TOTAL: \$37,397

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

Appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of an 8,250 square-foot parcel of land improved with a 67-year-old, 2-story, masonry, multi-family dwelling, containing 1,988 square feet of living area. The property is located in Chicago, Jefferson Township, Cook County and is a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

Appellant contends overvaluation as the basis of the appeal. In support of its overvaluation argument, appellant submitted sales information on three comparable properties that sold between January of 2020 and January of 2021 for prices ranging from \$162.14 to \$207.93 per square foot of living area, including land. The comparable sales properties were multi-family dwellings of masonry construction and contained between 1,956 and 2,984 square feet of living area. Appellant also submitted a copy of the board of review's decision letter reflecting its total

assessed valuation for the subject property of \$43,000. Based on this evidence, appellant requested a reduction in the subject property's assessment to \$37,397.

The board of review submitted its "Board of Review Notes on Appeal" depicting a total assessed valuation for the subject property of \$43,000, with an improvement assessment of \$22,375. The subject's assessment reflects a market value of \$430,000, or \$216.30 per square foot of living area, including land, when applying the level of assessment for class 2 property of 10.00% under the Cook County Real Property Assessment Classification Ordinance.

In support of its contention of the correct assessment, the board of review submitted four comparable properties. Each of the comparable properties were improved with either a 1.5-story or a 2-story, multi-family dwelling of either frame or masonry construction. They ranged in size between 1,933 and 2,323 square feet of living area. The board of review's sales comparables sold between September of 2018 and November of 2020 for prices ranging from \$180.80 to \$267.86 per square foot of living area, including land.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds appellant *did* meet this burden of proof and a reduction in the subject's assessment *is* warranted.

The Board finds the best evidence of market value to be *appellant's sales comparables #1 and #3 and the board of review's comparable #4*. These properties sold between May of 2019 and August of 2021 for prices ranging from \$162.14 to \$180.80 per square foot of living area, including land. The subject's current assessment of \$216.30 per square foot of living area reflects a market value above the market value established by the best comparables in this record. After considering necessary adjustments to the comparables for differences when compared to the subject, the Board finds the subject's estimated market value as reflected by its assessment *is not* supported and a reduction in the subject's assessment *is* justified. Based on this record, the Board finds appellant *has* proven, by a preponderance of the evidence, that the subject is overvalued, and that a reduction in the subject's assessment *is* warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
