

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: James Doroba
DOCKET NO.: 21-53091.001-R-1
PARCEL NO.: 18-03-230-054-0000

The parties of record before the Property Tax Appeal Board are James Doroba, the appellant, by attorney Andreas Mamalakis, of the Law Offices of Andreas Mamalakis in Kenosha; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,937
IMPR.: \$13,739
TOTAL: \$17,676

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a multi-level dwelling of masonry exterior construction with 1,056 square feet of living area. The dwelling is approximately 53 years old. Features of the home include a partial basement, 1½ bathrooms, central air conditioning and a 2-car garage. The property has a 6,300 square foot site and is located in Brookfield, Lyons Township, Cook County. The subject is classified as a class 2-34 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five comparables located within the subject's assessment neighborhood and from 0.24 to 0.83 of a mile of the subject property. The comparables consist of class 2-34, multi-level dwellings of masonry exterior construction ranging in size from 1,056 to 1,256 square feet of living area. The homes

are 49 to 61 years old. The comparables have partial basements, 1 or 1½ bathrooms, 1 or 2 fireplaces and a 2-car garage. Four comparables each have central air conditioning. The comparables have improvement assessments ranging from \$10,533 to \$17,845 or from \$9.97 to \$14.22 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject property of \$20,844. The subject property has an improvement assessment of \$16,907 or \$16.01 per square foot of living area. The board of review did not provide any comparables in support of the subject's correct assessment but indicated there were "No comps with lower AVpsf." Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the only evidence of assessment equity to be the appellant's comparables. The Board gives less weight to the appellant's comparables #4 and #5 which are less similar to the subject in dwelling size than the appellant's other comparables. Nevertheless, the Board finds the best evidence of assessment equity to be the appellant's comparables #1, #2 and #3 which are located within the subject's assessment neighborhood and are identical or similar to the subject in design, dwelling size, age and/or other features. These three comparables have improvement assessments ranging from \$10,533 to \$15,685 or from \$9.97 to \$13.53 per square foot of living area. The subject's improvement assessment of \$16,907 or \$16.01 per square foot of living area falls above the range established by the best equity comparables in this record. Based on this record and after considering appropriate adjustments to the best comparables for differences to the subject, the Board finds the appellant demonstrated the subject's improvement was inequitably assessed and a reduction in the subject's assessment commensurate with the appellant's request is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
