

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Mauro Garcia
DOCKET NO.: 21-53096.001-R-1
PARCEL NO.: 18-03-427-047-0000

The parties of record before the Property Tax Appeal Board are Mauro Garcia, the appellant, by attorney Andreas Mamalakis, of the Law Offices of Andreas Mamalakis in Kenosha; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,325
IMPR.: \$19,504
TOTAL: \$22,829

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a multi-level dwelling of masonry exterior construction with 1,056 square feet of living area. The dwelling is approximately 50 years old. Features of the home include a basement and a 2.5-car garage. The property has a 5,320 square foot site and is located in Brookfield, Lyons Township, Cook County. The subject is classified as a class 2-34 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five comparables located within the subject's assessment neighborhood and from 0.27 to 0.60 of a mile from the subject. The comparables consist of class 2-34, multi-level dwellings of masonry exterior construction ranging from 1,056 to 1,256 square feet of living area. The homes are 49 to 61 years old. The comparables have basements, 1 or 2 fireplaces, and a 2-car garage. Four

comparables each have central air conditioning. The comparables have improvement assessments ranging from \$10,533 to \$17,845 or from \$9.97 to \$14.22 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject property of \$22,829. The subject property has an improvement assessment of \$19,504 or \$18.47 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four comparables located within the subject's assessment neighborhood and within approximately ¼ of a mile from the subject. The comparables consist of class 2-34, multi-level dwellings of masonry exterior construction containing 1,056 square feet of living area. The homes are 51 to 55 years old. Each comparable has a basement and a 2-car garage. Three comparables each have central air conditioning, and one comparable has a fireplace. The comparables have improvement assessments ranging from \$19,992 to \$21,515 or from \$18.93 to \$20.37 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparable #1 which has an improvement assessment that is substantially lower than the other comparables in this record, thus, making this comparable an outlier. The Board also gives less weight to the appellant's comparables #2 through #5 which are less similar to the subject in their proximity and dwelling size than other comparables in this record.

The Board finds the best evidence of assessment equity to be the board of review's comparables which are identical or nearly identical in design, age, dwelling size and most features. The best comparables have improvement assessments ranging from \$19,992 to \$21,515 or from \$18.93 to \$20.37 per square foot of living area. The subject's improvement assessment of \$19,504 or \$18.47 per square foot of living area falls below the range established by the best comparables in the record. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
