

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Eric Munoz
DOCKET NO.: 21-53128.001-R-1
PARCEL NO.: 18-25-100-020-0000

The parties of record before the Property Tax Appeal Board are Eric Munoz, the appellant, by attorney Andreas Mamalakis, of the Law Offices of Andreas Mamalakis in Kenosha; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$2,928
IMPR.: \$13,772
TOTAL: \$16,700

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of masonry exterior construction with 1,274 square feet of living area. The dwelling is approximately 57 years old. Features of the home include a full basement, a fireplace and a 2-car garage. The property has a 7,320 square foot site and is located in Bridgeview, Lyons Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five comparables located within the subject's assessment neighborhood and from 2.48 to 3.21 miles from the subject. The comparables consist of class 2-03, 1-story dwellings of masonry exterior construction ranging in size from 1,040 to 1,532 square feet of living area. The dwellings are 62 to 64 years old. One comparable has a full basement, and four comparables have either a crawl

space or a slab foundation. Each comparable has 1 or 2 fireplaces and a 1-car or a 2-car garage. Two comparables each have central air conditioning. The comparables have improvement assessments ranging from \$7,139 to \$13,136 or from \$6.86 to \$8.81 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject property of \$16,700. The subject property has an improvement assessment of \$13,772 or \$10.81 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four comparables located within the subject's assessment neighborhood and within the subject's block or approximately $\frac{1}{4}$ of a mile of the subject. The comparables consist of class 2-03, 1-story dwellings of masonry exterior construction ranging in size from 1,040 to 1,084 square feet of living area. The comparables are 57 to 61 years old. One comparable has a crawl space foundation, and three comparables each have a full basement. Each comparable has from a 1-car to a 2.5-car garage. The comparables have improvement assessments ranging from \$13,588 to \$15,093 or from \$12.54 to \$14.29 per square foot of living area. Based on this evidence, the board of review requested the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine comparable properties for the Board's consideration. The Board gives less weight to the appellant's comparables and the board of review comparable #1 which are located from 2.48 to 3.21 miles away from the subject property and/or lack a basement foundation, unlike the subject dwelling.

The Board finds the best evidence of assessment equity to be the board of review's remaining comparables which are overall most similar to the subject in location, design, dwelling size, age, foundation type and features. These three comparables have improvement assessments ranging from \$14,119 to \$15,093 or from \$13.37 to \$14.29 per square foot of living area. The subject's improvement assessment of \$13,772 or \$10.81 per square foot of living area falls below the range established by the best comparables in the record. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
