

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Omar Zegar
DOCKET NO.: 21-53129.001-R-1
PARCEL NO.: 18-25-205-024-0000

The parties of record before the Property Tax Appeal Board are Omar Zegar, the appellant, by attorney Andreas Mamalakis, of the Law Offices of Andreas Mamalakis in Kenosha; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$1,580
IMPR.: \$13,078
TOTAL: \$14,658

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of frame exterior construction with 1,099 square feet of living area. The dwelling is approximately 79 years old. Features of the home include a crawl space foundation, central air conditioning and a 1.5-car garage. The property has a 3,950 square foot site and is located in Bridgeview, Lyons Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five comparables located within the subject's assessment neighborhood and from 0.15 to 0.87 of a mile from the subject. The comparables consist of class 2-03, 1-story or 1.5-story dwellings of frame exterior construction ranging in size from 1,086 to 1,277 square feet of living area. The homes are 75 to

99 years old. One comparable has a crawl space foundation, and four comparables have a partial or full basement. Each comparable has 1 or 2 fireplaces, and four comparables have either a 2-car or a 2.5-car garage. The comparables have improvement assessments ranging from \$7,000 to \$9,598 or from \$5.95 to \$7.92 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject property of \$14,658. The subject property has an improvement assessment of \$13,078 or \$11.90 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four comparables located within the same assessment neighborhood and subarea as the subject. The comparables consist of class 2-03, 1-story dwellings of frame or masonry exterior construction ranging in size from 1,008 to 1,160 square feet of living area. The homes are 58 to 81 years old. Each comparable has a crawl space foundation, one comparable has central air conditioning, and two comparables each have a 2-car garage. The comparables have improvement assessments ranging from \$13,077 to \$13,839 or from \$11.90 to \$13.64 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables and the board of review comparables #1 and #3 due to significant differences in their designs, ages and/or foundation types when compared to the subject.

The Board finds the best evidence of assessment equity to be the board of review's comparables #2 and #4. These comparables are overall most similar to the subject in design, age, dwelling size, location and foundation type with varying degrees of similarity in other features. These two comparables have improvement assessments of \$13,077 and \$13,092 or \$11.90 and \$12.16 per square foot of living area. The subject's improvement assessment of \$13,078 or \$11.90 per square foot of living area is bracketed by the two best comparables in the record on an overall improvement assessment basis and the best comparable with the lower per-square-foot value. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
