

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Gwen DeJong
DOCKET NO.: 21-53159.001-R-1
PARCEL NO.: 14-33-413-019-0000

The parties of record before the Property Tax Appeal Board are Gwen DeJong, the appellant, by attorney Andreas Mamalakis, of the Law Offices of Andreas Mamalakis in Kenosha; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$31,250
IMPR.: \$124,171
TOTAL: \$155,421

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.¹

Findings of Fact

The subject property consists of a 2-story dwelling of frame exterior construction with 3,019 square feet of living area. The dwelling is 110 years old. Features of the home include a partial basement with finished area, central air conditioning, a fireplace, and a 1.5-car garage. The property has a 2,500 square foot site and is located in Chicago, North Chicago Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables located within the subject's assessment neighborhood and within .56 of a mile of

¹ The appellant waived the hearing request and requested to have the appeal decided on the written record without objection from the board of review.

the subject. The comparables consist of 2-story class 2-06 dwellings of frame exterior construction ranging in size from 2,569 to 3,303 square feet of living area. The homes range in age from 92 to 130 years old. Each dwelling has central air conditioning and a fireplace. Four comparables each have a full or partial basement, one comparable has a concrete slab foundation, and two comparables each have either a 1.5-car or 2.5-car garage. The comparables have improvement assessments ranging from \$76,463 to \$122,600 or from \$28.45 to \$37.91 per square foot of living area. Based on this evidence, the appellant requested a reduced improvement assessment of \$102,857 or \$34.07 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$155,421. The subject property has an improvement assessment of \$124,171 or \$41.13 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the subject's assessment neighborhood, one of which is .25 of a mile from the subject. The comparables consist of 2-story or 3-story class 2-06 dwellings of masonry exterior construction ranging in size from 2,552 to 3,003 square feet of living area. The homes range from 107 to 133 years old. Each dwelling has a full or partial basement, with three having finished area, and a 2-car garage. Three comparables have central air conditioning and one comparable has a fireplace. The comparables have improvement assessments ranging from \$116,187 to \$190,788 or from \$42.92 to \$63.53 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill. Admin. Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill. Admin. Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of nine equity comparables to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to the appellant's comparables #1, #2, and #5, as well as board of review comparables #1 and #4, which differ from the subject in design, foundation, and/or lack either central air conditioning or a garage, features of the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparables #3 and #4 along with the board of review comparables #2 and #3, which are similar to the subject in age and features, and are somewhat similar to the subject in dwelling size. These comparables have improvement assessments that range from \$90,000 to \$154,800 or from \$35.03 to \$60.66 per square foot of living area. The subject's improvement assessment of \$124,171 or \$41.13 per square foot of living area falls within the range established by the best comparables in this

record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
