

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Timothy Bey
DOCKET NO.: 21-53248.001-R-1
PARCEL NO.: 25-09-115-016-0000

The parties of record before the Property Tax Appeal Board are Timothy Bey, the appellant, by attorney Andreas Mamalakis, of the Law Offices of Andreas Mamalakis in Kenosha; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$2,362
IMPR.: \$9,483
TOTAL: \$11,845

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of masonry exterior construction with 1,074 square feet of living area. The dwelling is approximately 61 years old. Features include a full basement, central air conditioning, and a 2-car garage. The property has a 3,150 square foot site and is located in Chicago, Lake Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted two grid analyses with information on five equity comparables located within the subject's assessment neighborhood code. For clarity in the record, the single comparable on the second grid was renumbered as #5. The comparables are improved with 1-story, class 2-03 dwellings of masonry exterior construction ranging in size from 1,066 to 1,289 square feet of living area. The homes range in age from 53

to 67 years old. Three comparables each have a full basement and two comparables each have a crawl space foundation. One comparable has central air conditioning. Each comparable has one or two fireplaces. Two comparables each have a 1.5-car or a 2-car garage. The comparables have improvement assessments ranging from \$2,688 to \$3,513 or from \$2.52 to \$2.76 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$11,845. The subject property has an improvement assessment of \$9,483 or \$8.83 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the subject's assessment neighborhood code. The comparables are improved with 1-story, class 2-03 dwellings of frame or masonry exterior construction ranging in size from 1,040 to 1,120 square feet of living area. The comparables range in age from 58 to 64 years old. Three comparables each have a full or partial basement and one comparable has a slab foundation. One comparable has central air conditioning. Two comparables each have a 2-car garage. The comparables have improvement assessments ranging from \$10,214 to \$11,637 or from \$9.51 to \$11.08 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains nine suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables as well as board of review comparables #2 and #3 which have substantial differences from the subject in dwelling size, feature a dissimilar crawl space or slab foundation, in contrast to the subject's full basement, and/or lack a garage amenity, which the subject features.

The Board finds the best evidence of assessment equity to be board of review comparables #1 and #4 which are similar to the subject in design/class, age, and dwelling size with varying degrees of similarity in other features. The two best comparables have improvement assessments of \$10,214 and \$11,637 or \$9.51 and \$11.08 per square foot of living area. The subject's improvement assessment of \$9,483 or \$8.83 per square foot of living area falls below the two best comparables in this record. After considering adjustments to the two best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
