

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Bushra David
DOCKET NO.: 21-53787.001-R-1
PARCEL NO.: 10-35-109-015-0000

The parties of record before the Property Tax Appeal Board are Bushra David, the appellant, by attorney Andreas Mamalakis, of the Law Offices of Andreas Mamalakis in Kenosha; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$5,940
IMPR.: \$23,670
TOTAL: \$29,610

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.¹

Findings of Fact

The subject property consists of a 1.5-story dwelling of masonry exterior construction with 1,481 square feet of living area. The dwelling is approximately 79 years old. Features of the home include a partial basement, central air conditioning, and a 2-car garage. The property has a 5,940 square foot site and is located in Lincolnwood, Niles Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables located within the subject's assessment neighborhood and within .44 of a mile of

¹ The appellant waived the hearing request and requested to have the appeal decided on the written record without objection from the board of review.

the subject. The comparables consist of 1-story class 2-03 dwellings of masonry exterior construction ranging in size from 1,384 to 1,794 square feet of living area. The homes range in age from 67 to 71 years old. Each dwelling has central air conditioning, a full or partial basement, and a 1-car or 2-car garage. Four comparables each have a fireplace. The comparables have improvement assessments ranging from \$12,190 to \$21,366 or from \$8.08 to \$12.06 per square foot of living area. Based on this evidence, the appellant requested a reduced improvement assessment of \$16,454 or \$11.11 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$29,610. The subject property has an improvement assessment of \$23,670 or \$15.98 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the subject's assessment neighborhood, two of which are within .25 of a mile of the subject. The comparables consist of 1.5-story class 2-03 dwellings of masonry exterior construction ranging in size from 1,305 to 1,474 square feet of living area. The homes range from 67 to 91 years old. Each dwelling has a full or partial basement with one having finished area. Two comparables have central air conditioning, three comparables each have a fireplace, and three comparables each have a 1-car or 2-car garage. The comparables have improvement assessments ranging from \$21,855 to \$27,787 or from \$16.29 to \$18.85 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill. Admin. Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill. Admin. Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of nine equity comparables to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to the appellant's comparables #2, #3, and #5, which differ from the subject in dwelling size. The Board also gives less weight to board of review comparables #1, #2, and #3, which lack either central air conditioning or a garage, features of the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1 and #4 along with the board of review comparable #4, which are similar to the subject in age, location, dwelling size, and features, with most weight to board of review comparable #4 which is of a similar 1.5-story design to the subject. These comparables have improvement assessments that range from \$12,190 to \$21,855 or from \$8.08 to \$16.29 per square foot of living area. The subject's improvement assessment of \$23,670 or \$15.98 per square foot of living area is slightly above the range established by the best comparables in this record overall and within the range

on a per-square-foot basis. The Board finds the subject's higher overall assessment logical given the subject's larger dwelling and larger garage in relation to two of the best comparables, including board of review comparable #4. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
