

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jose Dircio
DOCKET NO.: 21-53903.001-R-1
PARCEL NO.: 15-16-216-021-0000

The parties of record before the Property Tax Appeal Board are Jose Dircio, the appellant, by attorney Andreas Mamalakis, of the Law Offices of Andreas Mamalakis in Kenosha; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$2,286
IMPR.: \$12,691
TOTAL: \$14,977

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of masonry exterior construction with 888 square feet of living area. The dwelling is approximately 69 years old. Features of the home include a basement, 1 bathroom and a 2-car garage. The property has an approximately 4,158 square foot site and is located in Bellwood, Proviso Township, Cook County. The subject is classified as a class 2-02 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables located in the same assessment neighborhood code as the subject but, based on parcel identification numbers, are located in a different section of the township from the subject property. The comparables are improved with 1-story class 2-02 dwellings of masonry exterior

construction ranging in size from 851 to 929 square feet of living area that are either 65 or 69 years old. Each comparable has a basement, 1 bathroom, one or two fireplaces and from a 1-car to a 2.5-car garage. The comparables have improvement assessments ranging from \$6,742 to \$8,299 or from \$7.92 to \$8.93 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$7,646 or \$8.61 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$14,977. The subject property has an improvement assessment of \$12,691 or \$14.29 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located in the same assessment neighborhood code and same street and/or block as the subject property. The comparables are improved with 1-story class 2-02 dwellings of masonry exterior construction ranging in size from 845 to 912 square feet of living area. The homes range in age from 64 to 69 years old. Each comparable has a basement, 1 or 1½ bathrooms and a 2-car garage. Two dwellings have central air conditioning. The comparables have improvement assessments ranging from \$12,228 to \$13,351 or from \$14.44 to \$14.64 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine equity comparables for the Board's consideration. The Board gives less weight to the appellant comparables #1, #2, #3 and #5 along with board of review comparables #2, #3 and #4 which differ from the subject in finished basement area and/or garage capacity.

The Board finds the best evidence of assessment equity to be appellant comparable #4 and board of review comparable #1 which are most similar to the subject in location, age, design, dwelling size and features. These two comparables have improvement assessments of \$8,043 and \$12,228 or \$8.80 and \$14.47 per square foot of living area. The subject's improvement assessment of \$12,691 or \$14.29 per square foot of living area falls above the two best comparables in this record on an overall improvement assessment basis and is bracketed by the two best comparables on a per square foot basis. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
