

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Michael Menard
DOCKET NO.: 21-53978.001-R-1
PARCEL NO.: 13-13-309-019-0000

The parties of record before the Property Tax Appeal Board are Michael Menard, the appellant(s), by attorney Andreas Mamalakis, of the Law Offices of Andreas Mamalakis in Kenosha; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$8,800
IMPR.: \$6,700
TOTAL: \$15,500

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of an approximately 114-year-old 1.5-story dwelling with 1,332 square feet of living area of frame construction. Features of the home include a full basement, central air conditioning, 1.5 bathrooms a 1.5-car garage. The property has a 4,000 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted an appraisal estimating the subject property had a market value of \$155,000 as of January 1, 2021. The appraiser relied on a sales comparison approach and identified five comparable properties. These properties are located 1.2 to over four miles away from the subject property. The properties sold between February 2018 and April 2019 for sale prices between \$146,000 and \$175,000. The properties have between 1,173 and 1,881 square feet of living area

and have unit sale prices per square foot between \$93.04 and \$137.25. In the appraisal, the appraiser adjusted sale prices based on factors such as condition, room numbers, and sales being prior to the COVID-19 pandemic. The appellant is requesting a total assessment of \$15,500.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$50,916. The subject's assessment reflects a market value of \$30,916 or \$23.21 per square foot of living area, including land. In support of its contention of the correct assessment the board of review submitted information on four comparable sales. The board of review identified four comparable sales for properties located within 0.25 miles of the subject property. The unadjusted sales occurred from January 2019 to May 2021 for sales prices of \$375,000, \$649,900, and \$713,000. The sale price for comparable #3 is not specified. The sales price per square foot of comparables #1, #2, and #4 are \$434.23, \$275.74, and \$435.01. The board of review is requesting that the current assessment be confirmed.

Conclusion of Law

The appellant contends that the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal, the value of the property must be proved by a preponderance of the evidence. 86 Ill. Admin. Code §1910.63(e); Winnebago County Bd. of Review v. Property Tax Appeal Bd., 313 Ill. App. 3d 1038, 1043 (2d Dist. 2000). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill. Admin. Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds that the best evidence of the subject's market value is the appraisal submitted by the appellant. That appraisal employed the sales comparison approach, relying upon sales of five suggested comparable properties in Chicago between February 2018 and April 2019, for amounts ranging from \$146,000 to \$175,000, or from \$93.04 to \$137.25 per square foot of living area, land included in the sales prices. The appraiser adjusted these sales prices to account for differences between the subject and the comparables. In contrast, the board of review's evidence consists of unadjusted data from several sales.

Accordingly, the Board finds the subject property had a fair market value of \$155,000 as of the assessment date at issue. Because the assessment reflects a greater fair market value, the Board finds a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
