

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Andrew & Elizabeth Dankovich
DOCKET NO.: 21-54002.001-R-1
PARCEL NO.: 13-22-216-025-0000

The parties of record before the Property Tax Appeal Board are Andrew & Elizabeth Dankovich, the appellant(s), by attorney Joe Huang, of the Law Offices of Terrence Kennedy Jr. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$18,720
IMPR.: \$39,225
TOTAL: \$57,945

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 5,850 square foot site improved with a one-story dwelling of frame and masonry construction with 1,179 square feet of living area. The dwelling on the property is approximately 98 years old. Features include a full basement and a two-car garage. The subject property is located in Chicago, Jefferson Township, Cook County and is classified as a 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on four suggested class 2-03 equity comparable properties with varying degrees of similarity to the subject. The suggested comparable properties are of frame construction, range in size from 1,344 to 1,512 square feet of living area, and range in age from 109 to 123 years old. The appellant reported that the suggested comparable properties were between 0.08 to 0.18 miles from the subject property and have improvement

assessments ranging from \$21.77 to \$33.27 per square foot of living area. The appellant also submitted a copy of the board of review's decision letter reflecting a total assessment for the subject property as \$89,000. Based on this evidence, the appellant requested a reduction in the subject's total assessment to \$49,480.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$89,000. The subject property has an improvement assessment of \$70,280 or \$59.61 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparable properties. The suggested equity comparable are of frame construction and located either within a quarter mile or in the subarea of the subject. The suggested comparable properties range in size from 2,614 to 2,969 square feet of living area and range in age from 113 to 121 years. The board of review's comparable properties have improvement assessments that range from \$23.09 to \$25.06 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

The appellant also selected "recent appraisal" and "comparable sales" on its Appeal Form as a basis of its appeal but did not include any evidence in support.

At hearing on 7/16, with all parties receiving timely and proper notice of the Webex hearing, the board of review failed to appear. After waiting approximately thirty-five minutes and attempting contact with the board of review, the Board found the board of review in default pursuant to section 1910.69(b) of the rules of the Property Tax Appeal Board.

Conclusion of Law

As a preliminary matter, the Board finds the appellant failed to provide the required evidence in support of its selected "recent appraisal" and "comparable sales" arguments and the Board declines to draw any unsupported conclusions on that basis.

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did meet this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of assessment equity to be the appellant's comparables #2, #3, and #4. The comparables were most similar to the subject property in features and/or proximity. These comparables had improvement assessments of \$23.33 to \$33.27 per square foot of living area. The subject's improvement assessment of \$59.61 per square foot of living area falls above the range established by the best comparables in this record. Based on this record the Board finds the appellant did demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
